The Snake in Our Abode!

The Muslim countries are being attacked one after another by the US and the Jewish entity. How is this possible, when the US is separated from the Muslim World by oceans?

The US is only able to attack us because of: its bases in our countries, its surveillance posts disguised as embassies, agent rulers of Muslims who work day and night according to the orders of Washington and its forward base in the Muslim World, the Jewish entity.

The US infrastructure is a snake in our abode, which will strike us again and again. We will not know of peace, security and prosperity as long as it remains. Why should we not dismantle the US infrastructure? The Muslims of Gaza have exposed the myth of the invincibility of the Jewish entity. The Muslims of Iran have exposed the myth of the invincibility of the US. The entire Islamic Ummah rejects US colonialism and tyranny.

It is time that the Islamic Ummah establishes the Second Rightly Guided Caliphate (Khilafah Rashidah) which will dismantle the US infrastructure, the snake in our abode.
