

How many more mistakes does the US allow itself in Afghanistan?

“We bomb your house, destroy your family, kill your wife and children, but if we want, then we apologize and give you a little money for it.” This is the new motto of the US in Afghanistan.

The U.N. Assistance Mission in Afghanistan said in a report released on Thursday that civilian casualties from U.S. airstrikes in the first nine months of this year rose by about 80 percent, to about 180 from some 100 in the same period last year.

In September, U.S. warplanes dropped 751 weapons in Afghanistan, a nearly 50 percent increase from the previous month and the highest monthly tally since October 2010, according to Air Force data. The U.S. dropped 3,238 bombs in Afghanistan between January and September, more than double of last year’s total. Afghan and U.S. airstrikes together caused 466 civilian casualties during the first nine months of 2017, a 52 percent spike from the same period last year. UNAMA said women and children made up more than two-thirds of civilian casualties caused by airstrikes.

The Afghan population hold protests and demonstrations and individual victims complain in the media against the occupation of Afghanistan. They have seen that the US and its allies have only brought misery and yet no peace as promised. Now it is also very necessary that the Ummah realize that democracy, secularism and liberalism also prepare for them only the downfall and not the true rise, because the depravity of these systems is as obvious as the scrupulous occupation of Afghanistan. The Ummah must recognize that with the democratization Afghanistan has not yet achieved an economic, medical, educational and military rise. The only thing Afghanistan represents today is an experimental country for combating staged terrorism.

It is the highest time that the Ummah in Afghanistan comes together and stand up against the criminal US. The enemies of the Ummah have no compassion for them and will never get it. They continue to kill our children and represent themselves as heroes and saviors. There are enough evidence to see the truth. How many victims and how much innocent blood must still shed so that we finally get courage and spread the truth. Only the Dawah for the righteous Caliphate (Khilafah) according to the method of the Prophethood can put an end to the cruel deliberate extermination of the US.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنْصُرُوا اللَّهَ يَنْصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ﴾

“O you who have believed, if you support Allah, He will support you and plant firmly your feet.” [47:7]
