Comment:

The Jewish presence, which was greatly defeated by the Al-Aqsa Flood attack, continues the brutal massacres of "Israel" against Gaza unabated. Despite all kinds of support from America and Europe, the Jewish entity, which has not been able to achieve military success against the mujahideen, is furiously slaughtering babies, children and women. It is bombing hospitals, schools, mosques, public places with the heaviest weapons. Protests are being held in all Islamic towns and even in many parts of the world against this barbarism of the Jewish entity. While the societies of non-Muslim countries say that "Israel" has committed a crime against humanity and ask the international community to stop the massacre, Muslim peoples demand that concrete steps be taken by the rulers against the extortion and terror of Jews, mobilizing the armies of the Ummah, with the feeling that this war is a war against Islam.

In Turkiye, calls have been made in mosques, squares, in front of the embassy and consulate to the administrators to send armies to the Aqsa. But strangely enough, not caring about the fact that there is a power, authority and executives that should take concrete steps in the face of these demands of the people, he organized a rally in Istanbul to support the so-called Palestinian cause. President Erdogan, who accused the Jewish entity "Israel" of acting like a terrorist, did not hesitate to mock people's minds by acting almost like a representative of a non-governmental organization. While the people of Turkiye held rallies to mobilize him, he responded to the rallies with rally to soften the people's anger.

Many of the Muslims who attended the rally left the rally when they realized that nothing concrete would come out to end the persecution of the Jewish entity. No concrete steps, no decisions came out of the rally, which was attended by 1.5 million people. Not a single word, not a single cry has been heard that will relief to the suffering of grieving mothers in Gaza and the tearful children.

Some of the participants of the rally also shouted slogans "To Mehmetçik Gazza" to remind Erdogan, who holds the post of commander-in-chief, of his duty, but Erdogan ignored their voice. Erdogan said at the rally that they were standing up for Gaza. "We must leave this meeting with the determination never to allow new Gazans to emerge again," he said. He said that Turkiye is a very big state that is crosses its

borders. He spoke about Sultan Abdulhamid's struggle with the Zionists, when he expanded the occupied territories of the Jewish entity`. Then he said that he felt sorry for the civilians who were killed on the territory of "Israel" without any shame. At the end of the rally, the fact that Mustafa Kemal, who led the British occupation of Jerusalem by withdrawing from the Syrian front and abolished the Caliphate and paved the way for the establishment of the Jewish entity "Israel", took a stance of respect is proof that Erdogan's problem is not Palestine.

Therefore, the result is; frustration again, humiliation again, submission again!

The 'Great Palestinian Rally' did not benefit Gaza or the Palestinian in the slightest. Gaza continues to be bombed again, our Muslim brothers continue to be slaughtered again. Even a day after Erdogan's announcement, the Jewish presence bombed the Turkish-Palestinian friendship hospital. Moreover, despite the fact that Turkiye had informed "Israel" of the hospital coordinates in advance... the Erdogan administration did nothing but make a feeble statement of condemnation in the face of this recklessness. Because the issue of cleansing the land of the blessed Aqsa from the Jews is not a matter of possibility, but a matter of faith. It is a matter of will, not a conjuncture.

The fact is that Gaza, Jerusalem, the Al-Aqsa Mosque and Palestine as a whole will not be saved only by rulers like Erdogan who speak, hold rally shows in squares, and openly guarantee security to the usurper the Jewish entity. The Palestinian territories are not cleared of occupation by treacherous Arab regimes that serve as an iron dome to the Jewish entity. Dictatorial and democratic regimes allied with America and the West, infidel-friendly rulers at the head of these countries cannot erase "Israel" from the map.

Only a powerful commander like Omar (ra) will again save and conquer Aqsa. And again only the repeat of the seerah like Salahuddin will save Aqsa, who recited these ayat very first time in Aqsa after its liberation: ﴿فَقُطِعَ دَابِرُ الْفُؤْمِ الَّذِينَ ظَلَمُوا وَأَلْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ﴾

“Thus, the root of the unjust people was cut off. All praise be to Allah, the Lord of the Worlds.” [Al-An'am: 45].

Palestine will only be saved with commanders like Abdulhamid II who gave this response to those who wanted to buy a piece of land from Palestine, "Palestine is not my personal property. On the contrary, it is the property of my people who watered it with their blood."
