

Today's Media Establishment is Nothing but a Tool of Evil Global Powers

(Translated)

News:

The Australian channel, 60 Minutes, stated that, "The deaths of innocent civilians are heartbreaking. The destruction of towns and villages is horrendous. What's happening in Gaza, following Hamas' murderous rampage in 'Israel' last October, is a catastrophe that's destabilising the whole world. In Australia, regular protests supporting both sides of the conflict have so far been mostly peaceful. But in a joint investigation with The Sydney Morning Herald and The Age, 60 Minutes reveals disturbing evidence suggesting that could all change. One Islamist group, with extreme views, has infiltrated student rallies at universities in Australia, and as Nick McKenzie reports, it has a very sinister hidden agenda." The Age itself stated, "An investigation by this masthead and 60 Minutes has uncovered a sophisticated operation by supporters of Hizb ut-Tahrir in Australia."

Comment:

Although the media is called the "fourth pillar of democracy," indicating its neutrality and ideology, like the judicial authority for example, the crimes committed by the Jewish state in Gaza, and throughout the Blessed Land of Palestine, were enough to expose this claim. The crimes revealed the truth about the media and media professionals. The crimes made it clear that there is no moral authority or justification, but for the power of brute strength, represented by international powers and their arms in the world, including the Muslim World, including rulers, regimes, and media institutions.

Although the media in the West, as well as in Australia, claim neutrality and professionalism, the events in Gaza have shown otherwise to the public. It is clear that these media professionals are nothing more than paid mouthpieces for the Zionist, Crusader, and capitalist lobbies. These lobbies do not care about any value. They are only concerned with serving their own material interests, even if this is at the expense of oppressed and enslaved peoples, in the West and the East. In fact, it is the case almost exclusively. Indeed, they do not feel the euphoria of dopamine in their blood, except by spilling the blood of innocent people in the world, especially the blood of Muslims, children, women and elderly!

The lie and misleading report of 60 Minutes is not the first or the last. It begins its reports with words that appear to be neutral, so that it can lure the viewer into the deception. It first displays the massacres of the Jewish state, as seen on television

screens and social media. After the channel's seemingly neutral introduction, it begins its intended programming. It exploits the atmosphere of Islamophobia created by the media itself, by justifying, and then excusing, the butcher and his crimes. They place all forms of blame on the victim and the weak, until they reach the point of accusing everyone who denounces the Jewish state for its crimes. They describe the one who denounces the crimes as a terrorist, or one with a "very sinister hidden agenda." This is, of course, without mention of this so-called sinister hidden agenda. They know very well that if they disclose this agenda, which is otherwise easy for those who dominate the weak and defenseless, then their matter will be exposed. It will then become clear to the viewers that the agenda they are talking about is noble, great, and revealed from the heavens.

After more than fourteen centuries, the mentality of Shaytan has not been able to invent a new lie, far from the slander that the pre-Islamic, ignorant Arabs fabricated when they lied against the Messenger of Allah (saw). They accused him (saw) of lying and witchcraft without evidence. Instead, this was in contrast to the honesty and truthfulness that the Prophet (saw) was known for. Likewise, the stance of Hizb ut Tahrir in contrast to the ignorant West. The Hizb is not unknown in thought, method, or purpose. Instead, Hizb ut Tahrir publicly declares all of that. It calls people to all of that, morning and evening, with wisdom, good preaching, and argumentation in the best way. Those in charge of the channel, the program, and other media professionals know this well. Yet, they claim that the Hizb's agenda is hidden, and even sinister. It is a blatant slander against Hizb ut Tahrir, which carries Islam, the Deen that Allah (swt) has chosen for all people. It is the intellectual bankruptcy of the "civilized" West, and its free media façade, that pushes it to slander the bearers of the great message of Islam. They are incapable of arguing with Islam, debating Islam, and challenging Islam intellectually and rationally. It is known with certainty that this bankruptcy and incapability is what prompts them to outright lies and slander.

The issue of Allah (swt) making His Deen and the carriers of His Message victorious is only a matter of time. Then the Eastern peoples, and before them those of the West, will judge the false media, and the illusion will turn against the illusionist. Then, the confidence of those who are aware of reality and the truth of Islam will increase. People will then enter the Deen of Allah (swt) in droves. There is nothing upon the carriers of this noble message and great Deen except patience and moving forward on this path until Allah (swt) makes His Deen prevail over all ways of life, even if those who associate partners with Allah (swt) hate that.
