Comment:

The US cannot be trusted in negotiations. It uses the style of negotiations to avert imminent defeat, or buy time to gather more military forces, or to win on the negotiation table that which its cowardly troops can never win on the battlefield.

The Islamic Ummah has witnessed the lethal deception of American negotiations regarding Afghanistan, Gaza, war between Pakistan and India, and, most recently, Iran. In the case of Afghanistan, the US used negotiations to ensnare Afghanistan in the traps of the international order, whilst Trump has not abandoned his plan to secure control of the Bagram Air Base in Afghanistan, through which his military can threaten both nuclear China and nuclear Pakistan. In the case of Gaza, the US used negotiations to buy time for its military protégé in the West, the Jewish entity, so that it can expand its influence in the Middle East, by attacking one Muslim country at a time. As for America's protégé in the East, the Hindu State, on 10 May 2025, Marc Rubio, the US Secretary of State, announced "an immediate ceasefire," after frenzied negotiations with Pakistan to save India from humiliating defeat and losing its control of Occupied Kashmir, because the air force of Pakistan intelligently and boldly achieved air superiority within days. In the case of Iran, America has used negotiations already to demand the severe, dangerous and unacceptable reduction in its capabilities. Trump is now trying to use negotiations with Iran, in proxy through his agents and followers, to buy more time for his military, as he ramps up production of lethal weaponry and deploys more troops and warships, whilst screaming at his allies, agents and followers to do more. These clear examples of American deception in negotiations are amongst dozens, ever since the US began to defile the Muslim World with its military presence, after the Second World War. So, O Muslims, forcefully reject negotiations with the US in every forum that is available to you, using every style, whether written or spoken, and from every place, whether the social media, masajid or the main markets of the major cities.

It is a Shariah obligation on the Islamic Ummah to demand a declaration of jihad, with comprehensive military operations against the entire American military infrastructure, within what the Americans call the Greater Middle East, which includes Afghanistan and Pakistan. The United States could never conduct large scale operations anywhere in the Muslim World, without its security infrastructure of military bases, spy posts disguised as embassies and treacherous rulers of Muslims, who extend additional bases and essential logistics whenever the US military is desperate for a way in. The

Islamic Ummah has been bitten repeatedly by this American snake in its abode, in Afghanistan in 2001, in Iraq in 2003, in Gaza since 2023 and, now, Iran. Moreover, these prominent examples are just a few amongst painful dozens, over humiliating decades.

The Islamic Ummah has a huge advantage over the US in any military engagement to dismantle the American military infrastructure. The armies of the Ummah have short and secure Lines of Communications to reach every American asset and tool on Muslim soil. However, America is at a severe disadvantage because of the extremely long, and dangerously exposed, Sea Lines of Communication (SLOCs) between the American eastern sea board and the Suez Canal, and the American western sea board and the Strait of Hormuz. In addition, the US has been abandoned by its traditional allies of Europe, whilst Russia and China desire its ruin, in order to make room for their own influence. As for the Islamic Ummah, Allah (swt) has changed its state, after all that it has realized and embraced of its Deen, during the long and traumatic trial of Gaza. By the Grace of Allah (swt), the Ummah of Islam has emerged from silent submission. It now mobilizes powerfully and effectively, when given clear and focused direction by its aware sons and daughters.

It is a Shariah obligation upon the armies of Muslims to deliver practically for the Ummah what it yearns for, the eradication of the American snake in its abode, which has bitten the Ummah dozens of times, over several decades. In addition to your immense material capabilities, you fight on the basis of Iman, Jihad, nasr (victory) from Allah (swt) and the seeking of shahadah (martyrdom). As for the American crusaders, their protégé in the West, the Jewish entity, and their protégé in the East, the Hindu State, they all fight the Ummah based upon fragile, wavering and false beliefs, which is evident in their weak will in any fight with the Muslims. The battle for the liberation (tahrir) of the Ummah from the tyranny of American hegemony is long overdue. Depose the spineless, visionless, treacherous rulers of Muslims, the servile facilitators of America, grant your nussrah (military support) for the establishment of the Khilafah Rashidah (Rightly-Guided Caliphate) on the Method of the Prophethood and mobilize under the command of a righteous Imam, forcing America into a retreat from which it can never return. Hizb ut Tahrir, under the command of its Amir, the eminent Alim and visionary statesman, Ata Bin Khalil Abu Al-Rashtah, demands your nussrah (military support) for the establishment of the ruling governance of the Shariah Law of Allah (swt). Respond, so that the faces of the oppressed shine with happiness at the nasr (victory) of Allah (swt), tears of grief are replaced with tears of joy, and you earn the Pleasure of Allah (swt) and His wide Jannah, whose width is the heavens and the earth. Allah (swt) said, **﴿وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ * بَنَصْرِ اللَّهِ﴾** **“And on that day the believers will rejoice * at the victory willed by Allah. He gives nasr (victory) to whoever He wills. For He is the Almighty, Most Merciful”** [TMQ Surah Ar-Rum: 4-5].
