

Hizb ut Tahrir / Malaysia: Independence Liberation from the Colonial Inherited systems and into the Systems of Islam

True liberation can only be achieved when the Muslims return to total implementation of Islam (*kaffah*) and the Ahkam of Islam (rulings) cannot be fully implemented without the Khilafah state.

Before the arrival of the 31 August 2019 celebrations, Hizb ut Tahrir / Malaysia (HTM) admonished the Muslim Ummah to establish real changes, to reject the inherited colonial systems which is implemented until today and to return to the total implementation of Islamic systems outlined in the Quran and as-Sunnah.

In this series of admonishments to the Muslim Ummah carried out concurrently in many locations in the country after the Jumaah prayers, HTM reminded the Muslim Ummah of the true liberation, which is the liberation of humankind from the enslavement of humankind itself, and to the sole obedience towards Allah (swt).

The audience were also reminded of the dialog between the Muslim Army commander, Rabi' bin Amir with the Persian army commander, Rustum, who among others explained the mission of the Muslim Ummah to the whole world.

Upon asked on the reason of the presence of the Muslim Army in the Persian territory, Rabi' strictly stated that, "Allah has sent us to liberate humankind from the enslavement of humankind himself into the obedience of Allah (swt) only, from the loss of the world to the victory in the Hereafter, and from the tyranny of man-made religions and systems to the justice of Islam.

Thus, HTM clearly states that the only solution for the calamities that befall the Muslim Ummah is the total implementation of the Ahkam Shariah by the Khilafah state (Caliphate). Through this, the correct liberation will be achieved and realized.

The admonishment lasted for 20 minutes and ended peacefully with the recitation of du'aa for the victory and honor of the Muslim Ummah. Few HTM members also distributed the Sautun Nahdhah leaflets with the title "Hijrah towards the implementation of Islam Kaffah" to the audience before the coming of the hijrah year of 1441.
