Hizb ut Tahrir / Wilayah Turkey organised a series of press releases and protested the so-called "Deal of the Century".

The plan, which the insolent US President Trump and the occupying Jewish entity's Prime Minister Netanyahu announced and called for the Deal of the Century, was protested in front of the US Consulate General in Istanbul. The first call for a mass press release made by Hizb ut Tahrir / Wilayah Turkey was made in front of the U.S. Consulate in Sariyer, Istanbul.

Mahmut Kar said in his statement about the Muslims' attitude towards this deal: *"As the Ummah of Islam, we do not recognize the existence of the usurper and occupier Jewish entity and we reject any agreement made with them. Because these Zionist Jews are the killers of the prophets and the most notorious enemies of Islam and the Muslims. This so-called "Israel" has committed only massacres and atrocities since 1948. As long as they are existent in the Palestinian territories, these massacres will continue. The only solution to the "Palestinian issue" is to remove this Jewish entity from the blessed lands of Al-Aqsa and to eradicate this so-called state. All other solution plans are only intended to divert the "Palestinian issue" from its radical solution and are futile efforts."*

Mahmut KAR also addressed the rulers of the Islamic lands and said: *"Cancel all treason agreements signed with the Jews. Stop all relations with the so-called state of "Israel". Take sanction decisions to bring them into line. Expel the ambassadors, consulates, and intelligence agencies of the Jewish entity from your countries. To resolve this matter, mobilize the armies that will purge all Jews from the Palestinian territories. Furthermore, reject the dirty and evil solutions of the Kaffir West."*

In the press release, which was interjected with Takbirat and chants from time to time, Kar addressed the Muslims and pointed out the path of the liberation of Al-Quds and said: *“We must know for sure that Al-Quds and Masjid Al-Aqsa will not be saved through messages of condemnation, not through dinner meetings of the Organisation of Islamic Cooperation, or through referring to the United Nations resolutions. It will not be liberated by temporarily suspending diplomatic relations with “Israel”. It will not be liberated through peace messages, and a two-state solution. The only solution for Al-Quds and Masjid Al-Aqsa will be achieved through commanders like Salahuddin Al-Ayyubi, who said, “It is haram for us, to laugh, as long as Al-Quds is under occupation!” It will be liberated through rightly guided Khulafa like Umar ibn Al-Khattab, who, when he was asked to enter the city on a beautiful horse instead of a camel after the opening of Al-Quds, said, “If we seek honour through anything else than Islam, Allah will humiliate us again.”*

It will be saved through foresighted rulers like Abdulhamid, who refused to sell a piece of Palestinian soil to the Zionist leaders even for huge amounts of money, by saying “for these are not my lands. They belong to the Muslim Ummah!” In other words, it will be liberated through actions, not words.

The rally ended with a mass Dua. Hundreds of Muslims attended the press release with Rayahs and Liwaas.

We thank all the sensitive Muslims who participated in the press releases and say, may Allah be pleased with them. We invite the Muslims again to the protests and press releases, which will be held in other cities of Turkey on Friday and on Sunday, and we say:

“Even if you Plan for a thousand years rather than a hundred, Al-Quds is ours, it will remain ours (#KudüsBizimdirBizimKalacak)!”
