

To Everyone Who Negotiated, Signed, Kept Silent, and Gave Blessings You and the Demarcation of Borders with the Jews are beneath the Feet of the People of Lebanon and the Islamic Ummah

(Translated)

After the border demarcation agreement with the Jews, the occupiers of Palestine, was just news and analysis circulated by politicians, and after it was a marketplace for worn out rhetoric, arrogance, patriotism, and nationalities, and after the maritime and land border lines that the colonizer have created remained a give or take subject inside Lebanon. Today, however, the agreement has become a shameful reality for those politicians, parties and organizations who claimed for years that their fight and struggle with the Jews is an existential struggle! All these allegations collapsed! **Therefore, we say, in brief words, to all those whom the Ummah knows them and their faults:**

The rulers of Egypt, Jordan, Palestine and Morocco have preceded you in this disgrace, and recently the rulers of the Gulf and Sudan have joined them! What was the result of that?

The rulers of Egypt have normalized (relations with the Jewish entity), but the people of Egypt have never normalized, and even from them came out the one who shot the bullets at the traitor, which made the Ummah glorify Allah and rejoice, and it still considers the one who did this deed a hero of its heroes. The rulers of Jordan have normalized, but the people of Jordan have never normalized, and among them there were those who shot Jewish soldiers on the borders, so the Ummah were proud of him as well and was pleased with him and still considers him a hero of its heroes. The leaders of the so-called Liberation Organization have normalized, but the people of Islam in Palestine are still afflicting the Jews and those who follow them, and the Ummah continues to grow and rejoice at every action against the Jews. The rulers of Morocco have normalized, but the feelings of the people of Morocco still overflow with hatred of the Jews, the occupiers. Rather, they overthrew the government of the Justice and Development in Morocco, which is considered to have "Islamic orientations" in the elections that took place on 8/9/2021 when it alluded to normalization with the Jews. This is some of the state of the Ummah with those who preceded you in shame and disgrace with the Jews, an honourable and solid stance and it will remain, Allah willing, and this is the state of the people of Islam in the Arab Gulf and Sudan, which is a fire under the ashes of the oppression of the puppet rulers waiting to explode and rise in the faces of the rulers to burn it and burns every traitor to its issues derived from its creed.

So know, O you who sat and demarcated the borders in Lebanon, politicians and parties, who negotiated, signed, were silence and gave blessing, and described this shame as a historical agreement! And you actually gave the wealth of the people of Palestine to their occupier! You deluded your surroundings that the demarcation is for the benefit of Lebanon's oil and gas, after you amended the oil law to pour its money into the pockets of private intermediary companies that you and your henchmen

manage, and into the pockets of America and the West! Know that the loyal and honourable people of Lebanon in general, and the people of Islam in particular, consider your agreements under their feet, and they will not leave an opportunity without expressing their discontent with you by every available means and method.

The Ummah knows that the one who managed the agreement, its tours, and its arrogance from beginning to end, is America, its embassy and envoy, in order to lay their hands on the wealth of Lebanon, and even on the wealth of the eastern Mediterranean. When America had that, it allowed the greedy from the Europeans to move and start excavations!

And a word to the sons of the parties and organizations and their families who sacrificed in fighting the occupier, as it is an issue of Islam, and a desire for martyrdom. Beware lest you be of those who are pleased and followed, so that you will not be acquitted or be spared, the Messenger of Allah (saw) said: «إِنَّهُ سَيَكُونُ عَلَيْكُمْ أُمَّةٌ تَعْرِفُونَ» «Indeed there shall come upon you A'immah whom you like (what they do) and some (of what they do) you dislike. So whoever rejects, then he is innocent, and whoever loathes, then he is safe. But whoever is pleased and follows...” Denounce your leaders who complied in the interest of the supporters and financiers, and squandered the blood of your children.

The Ummah in Lebanon and elsewhere is in a state of anticipation, especially with the international changes taking place, to attack the rulers, led by the workers among its sons with the people of power and protection for the establishment of the state of justice and guidance, the Khilafah (Caliphate) on the method of the Prophethood, which will make the Jews and everyone who normalized with them taste affliction. And will cleanse all the filth of the rulers, parties and organizations that have lied to the Ummah for many years.
