

After Squandering the Natural Resources of the Country, the Government is setting the grounds for Ruins at the Hands of America and NATO.

So Make a Covenant with Allah alongside Us to Prevent the Collapse of Tunisia at the Hands of the Weak and the Agents

(Translated)

In a period of inattention in respect to the public opinion, the government in Tunisia colluded with the colonialist America to accept one-sided appointments, the signing of dangerous collusive agreements in respect to spying upon the people of the country:

- So on the 11th of June 2015 the Foreign Ministry in Tunisia announced that it had agreed upon the appointment of Daniel Rubenstein as the American ambassador which was unprecedented from America against Tunisia. The new ambassador had previously occupied the position of the director of the office of "Israeli-Palestinian" affairs within the US State Department. He also performed serious diplomatic tasks and missions in Amman, "Tel Aviv", Tunisia, and in Iraq at the time of the direct occupation and then acted as an American envoy working whose role was to cause the Ummah's revolution in Shaam to fail through inciting and stirring chaos and infighting by the witness of those who were monitoring. And before the new ambassador took charge of his tasks his predecessor Jake Wallis finished off his mission by inaugurating a street with the name of the US President John Kennedy in the city of Monastir!!

- On Friday the 12th of June, Amnesty International confirmed that three African States including Tunisia had agreed to spy upon their citizens to provide their personal information for the use of the CIA and this is by spying upon the telephone networks and across the internet.

- Two weeks ago America requested from Tunisia or rather it ordered Tunisia to sign an agreement in accordance to which Tunisia would become a main non-member ally of NATO. Before this Hizb ut Tahrir directed an open alert to the government about the reality of its determination to sign a sale of land agreement from the city of Zaytoonah to America but it did not respond!!

- By these one-side appointments and through these dangerous agreements and the treachery of spying for the benefit of the enemies the failure of a government has opened the door of evil to dominate over the land and its people. America and NATO have not entered a land except that they have created within it strife, discord and wars whilst the realities of Iraq, Yemen and Libya are not far in the past for us to see: Unpiloted drones flying above the heads, disorder, confusion, killing, infighting, explosions, sectarian and regional disputes, and aggressions upon properties and honours... The intelligence agents going around and doing as they wish without any monitoring or accountability whilst the prisons and detention centres fill up upon the colonial American method as the Ummah has not yet forgotten Guantanamo and Abu Ghraib...

O Muslims, O People of Tunisia

Your rulers and the professional politicians in your country have not found it enough to ransom the land to the IMF and has not found it sufficient to squander your natural resources to Britain and France. This is because here they are today squandering your security and

your strength and surrendering it to NATO under the leadership of America in a dirty alliance that will lead the country to devastations and return it to being under western colonisation and its military guardianship where it involves and implicates the land, its people and soldiers in American wars in the region. So be fully alert and wide aware, hold to account and take to task, and make a covenant with Allah alongside us Hizb ut Tahrir to prevent the collapse of the security of the land at the hands of the weak and the agents because they are setting the ground for destruction and ruin and Allah's refuge is sought from that.

O you who are sincere from the officers, soldiers and security personnel, O sons of the Mujaahideen and victorious heroes

These acts of betrayal and treachery from the rulers in Tunisia which provide NATO and America with the sway and control 'lawfully and legitimately' to interfere in Tunisia or militarily in Libya directly under the pretext of protecting Tunisia from Terrorism or under the pretext of Tunisia being incapable of countering terrorism and its threat itself... So do not accept that the agent and weak leaders hand you over as an easy prey to your enemies where they will preside over your training and weaponry whilst making you enter wars with your own people in Tunisia, North Africa and particularly Libya in service to the colonialists. We in Hizb ut Tahrir are amongst you and alongside you and we have made a covenant to Allah and His Messenger that we will prevent the collapse of Tunisia upon the hands of the weak and the traitors. So join us so that we establish the State of Haqq and 'Izz (Truth and Honour), the Rightly Guided Khilafah upon the methodology of the Prophethood. The soldier and fighter in Allah's way will have his sense of honour and dignity preserved and you will be leaders and not mercenaries at the disposal of the colonialists. Remember that you have made an oath upon the Book of Allah Al-Azeez and you have made a covenant to Allah to protect the land and its people from its enemies whilst America, Britain and France represent its greatest enemies. And know that Allah will protect you as long as you take care of your oath and that He is your Naasir (supporter and one who grants you victory) and even if you were only a small number and less equipped.

﴿وَاذْكُرُوا إِذْ أَنْتُمْ قَلِيلٌ مُسْتَضْعَفُونَ فِي الْأَرْضِ تَخَافُونَ أَنْ يَخَطِفَكُمْ النَّاسُ فَأَوَاكُمُ وَيَدَّكُمُ بِنَصْرِهِ وَرَزَقَكُمْ مِنَ الطَّيِّبَاتِ لَعَلَّكُمْ تَشْكُرُونَ﴾

“And remember when you were few and oppressed in the land, fearing that people might abduct you, but He sheltered you, supported you with His victory, and provided you with good things - that you might be grateful” [Al-Anfaal 26].
