

## Press Release

## Hizb ut Tahrir is a Thorn in the Eyes of Secularists and a Cradle of Hope for Muslims!

Following the collapse of the Republic and the end of occupation, the secular figures went through a brain shock as they had already cut their ties with Allah (swt) by taking refuge in the arms of the Western powers; however surprisingly, neither the West outreached their needs nor could it protect their desirable system, power and position. That's why the remnants of the occupation usually see nightmares at night and happen to spreading rumors the next day. One of the addresses from which such delusions and false impressions are published is Hasht-e-Subh Newspaper, which once again has shown hatred against Hizb ut Tahrir by publishing its Monday's editorial under the title of "Hizb ut Tahrir Further Complicates Extremism in Afghanistan."

The Media Office of Hizb ut Tahrir in Wilayah Afghanistan in addition to strongly rejecting the malicious position of Hasht-e-Subh Newspaper, considers this agency to be miles away from actual truth in the ground as their allegations are full of contradictions containing informational and political delusion. At the same time, this newspaper tries to link the Islamic parties to that of the Western politics while they themselves have fallen into the arms of the West both with their hearts and minds. The secularists, lay-thinkers and their institutions were functioning actively under the umbrella of Western occupation and colonialism. Popping like mushrooms, they were strongly supported by the Western occupation as they were provided with governmental positions and facilities and were also fostered and nourished like infants by the occupiers.

Hizb ut Tahrir is an intellectual and political party whose goal and method is Islam and there is nothing within it other than Islam. Therefore, the secularists (who are fed up of an Islamic system) do not have the right to have a say and/or make comment on Islam and Islamic parties. Besides, those who do not have deep understanding of Islam; those whose personality is not based on Islam and Islamic faith, and those who always see things from a Western perspective, should not act as a Traffic Police for Muslims and the Islamic parties. On the other hand, these people, the imitators of secular opinion, are not very well aware of their own philosophy [Secularism]; that's why, they happen to associate Machiavelli with Islamic groups. While Machiavelli was the father of the school of thought of Secularism as the Capitalist world applies his principles in their politics. Thus, Hasht-e-Subh and the like of which that happen to spread disinformation, lies and propaganda on a daily basis should realize that they themselves are the obedient disciples of Machiavelli whereas Machiavelli was the key disciple of Satan!

This is the saying of the Messenger of Allah (saw) that a believer may be a coward and miser, but s/he cannot be a liar. Lay thinkers, who castigated Islam from the address of Islam over the past 20 years of the Republic, are known as liars in the eyes of the public as even today they are on the front lines in spreading lies, propaganda and incitement to rebellion. For years, they have struggled for the survival of the occupation and the institutionalization of Western values as they are still busy with it today. They told a lie that Hizb ut Tahrir would have asked Gaddafi for Nussrah; however, it's true that a group of members of Hizb ut Tahrir went to Gaddafi to guide him to seek virtue as he had happened to reject the Sunnah – just what the secularists and lay-thinkers have been doing nowadays, criticizing the Islamic political system for years and even disagreeing with the sources of the Shariah, the Sunnah of the Prophet (saw) and his Companions, and associating big lies to Allah (swt) by declaring that Islam is not a political religion and system of life: ﴿وَمَنْ أَظْلَمُ﴾

﴿وَمَنْ أَظْلَمُ﴾ "And who is more unjust than one who invents about Allah a lie or denies His verses? Indeed, the wrongdoers will not succeed." [Al-Anaam: 21]. We are moving towards the promises of Almighty Allah that Islam will again return to our life and politics. Those who label Muslims as ignorant should know that today the Republic has fallen, the occupation has ended and the Western world is in decline, and we give glad tidings to the humanity that the Khilafah Rashidah (rightly guided Caliphate) will be re-established and all humans will be rescued from the brutality of Secularism even if the Secularists do not want it to happen. ﴿فَسَبِّحْهُ وَبِحُسْنٍ \* بِأَيِّكُمْ الْمَفْتُونُ﴾ "Soon will you see and they will see, which of you is afflicted with madness." [Al-Qalm 5-6].
