## Hizb ut Tahrir / Wilayah Afghanistan: Congratulates the Islamic Ummah on Eid al-Adha

(Translated)

To all the Dawah carriers who are working tirelessly for the re-establishment of the Khilafah Rashidah on the method of Prophethood, and to the entire Ummah of Muhammad (saw), Eid Al-Adha Mubarak to all of you. May Allah accept your Haj, your worships, your sacrifice and all your good deeds.

This year again, millions from the Ummah of Muhammad (saw) from every corner of the globe, of every race, ethnicity and color, men and women, old and young have responded, to the call from Allah (swt) and His messenger (saw), united by our Aqeedah, facing one Qibla, worshipping one Lord, following the footstep of our leader Muhammad (saw). Yet across the world rulers and governments divide us along artificial national lines, and help those who seek to divide and occupy us further.

The appalling statement of Angela Merkel was not for the corrupt regimes in the Muslim world but was a wakeup call for all those who are in deep slumber. Now is the time to rise up and increase our efforts for the establishment of the Deen of Allah (swt) and to dominate it over all other ideologies.

We see western puppets, imposed upon the Muslim world, are increasingly forcing Muslims to artificially demonstrate their allegiance to the country by putting their national identities above their membership of this Ummah or risk being branded disloyal or subversive. Hence what we as Muslims should be mindful of is not only the division on the bases of Nation States but also the internal rift created by the colonialist invaders through their proxies to create division between different ethnicities and tribes in Afghanistan, so that we stop thinking about the military, political, economic and social occupation of Afghanistan, and instead fight each other on trivial issues.

Lastly, we pray that Allah (swt) removes the evil of Nationalism, Democracy, Capitalism and every other type of sectarianism and divisive force from our hearts. We pray that Allah (swt) restores the Khilafah soon, but urge all Muslims and particularly the Muslims of Afghanistan to carry this call with us. It was indeed the Prophet (saw) who united us first with this Aqeedah, and this message, who united the Muslims under one state. We should use our efforts to call again for the re-establishment of Allah's (swt) Deen in the form of the righteously guided Khilafah.
