

Press Release

## The Puppet Rulers want to change the Minbars of the Masajid into a Colonialist's Loudspeakers

(Translated)

According to the Ministry of Haj and Awqaf, they are planning to assign a committee that will specify the topics for the Imams to give on their Friday sermons.

This is not the first time that the docile regime of Afghanistan tried to silence the voice of Haq that is conveying the message of Islam to the Muslims of Afghanistan. Rather, they have already given strong orders to the Imams to omit from their sermons and not recite particular Quranic ayaat that speaks about Jews and Christians, prohibition of parliamentary legislation, Democratic freedoms and foreign occupation etc. during their sermons. Instead, John Kerry made the "Afghan Unity government" wanting to promote Democracy, freedoms, colonialism etc. through the masjid's sacred place; and not to continue what the Imams have been doing historically: exposing the evil plans of the enemies, their corrupt systems, accounting corrupt rulers, educating Muslims about the political and intellectual struggle against the Kufr system, and of its alternative, Islam.

Moreover, the Ministry of Haj and Awqaf and other government organizations consider Masajid as a threat for themselves and their masters that is why they want to have control even on what is being said. On the other hand the same rulers have been promoting secular media that is constantly promoting the secular Democracy, Nationalism, Capitalism, Banking system full of Riba, obscenity and vulgarity through programs such as Sitara-e-Afghan, Kileed-e-Tilaye, Shubkhand, Turkish-Indian movies and drama series, concerts of half-naked singers etc. We all know from where they are getting their dictates, funds and policies for promoting such filthy concepts and ideas among the Muslims of Afghanistan.

It is indeed the Secular ideology (separation between life and religion) and a colonial mindset that is stirring the regime to push all these appalling policies in Afghanistan. By doing all this they not only want to mute the voices of Haq but also want to dilute the minds of the Muslims of Afghanistan by censoring the Friday Sermons and replacing it with the Kufr ideas of Democracy, Nationalism, legitimizing the presence of the brutal invaders and their hand made corrupt "Afghan Unity Government" etc. They know the Ummah hates them, the agent rulers and all their systems and ideas, which brought nothing by miseries and disruption in the lives of the Muslims of Afghanistan. Now to somehow cover up the heinous crimes the colonialists have done, they want to reduce the hate and outright rejection from the people by trying to introduce such shameless policies of controlling even our Masajid. However these traitor rulers and their masters should know that the more they suppress the Haq, the more it will bounce back and become stronger and the proponents of Haq will become firmer and firmer in their desire and resolve for Islam.
