Hizb ut Tahrir / Wilayah Afghanistan Congratulates the Blessed Eid al-Adha to Entire Muslim Ummah!

(Translated)

Hizb ut Tahrir / Wilayah Afghanistan congratulates the Blessed Eid al-Adha to entire Muslims of the world. Eid represents one of the political aspects of Islamic Ahkam (rulings) that should be performed and celebrated under a single political leadership of the entire Ummah. Eid should reflect unity of the Ummah in terms of its happiness and sorrows. How can it be an Eid if instead of unified sentiments and thoughts, prejudice and hatred is demonstrated against one another across Muslim territories. In Afghanistan, rivalry between heads of John Kerry-installed government has deepened prejudice and hatred among ethnicities.

As a result of conspiracies engineered by USA, people of Afghanistan and Pakistan have become enemies. Pakistanis who work in Afghanistan suffer from inhumane treatment, and Afghans who live in Pakistan are treated even worse. People of Arabia (Hejaz) do not feel the pains of Yemenis and Palestinians, and the armed forces of Turkey have demonstrated a cowardly silence against atrocities committed on their Syrian brothers and sisters by US-Europe-Russia and Syrian regime. In such circumstances, it is Wajib on the Ummah to rid itself of these nationalistic prejudice and hatred and of this intellectual decline so that in the near future Allah Subhanahu Wa Ta'la grants this Ummah Eid under Khilafah (Caliphate) on the method of the Prophethood and in the environment of brotherhood and common happiness.
