

Press Release

Who will Protect our Talented Sons from the Aggression of Chhatra League?

Abrar Fahad on 7th October 2019, a second-year student of electrical engineering department of Bangladesh University of Engineering and Technology (BUET) was beaten to death by Hasina regime's student organization Chhatra League for his posting a Facebook post against India's aggression. After almost four and a half years of that killing, the entry of the central leaders of Chhatra League on last 28th March at midnight in BUET campus alarmed the students of BUET and the BUET campus has erupted again in protest. Due to the demands of the BUET students that erupted after this brutal murder, the university banned the politics of Chhatra League. This Chhatra League - the student organization of the ruling Awami League, is widely known to the people as the baton of the Hasina government in the political arena, and the cause of numerous criminal activities including rape, extortion, tender bidding in the universities of Bangladesh. BUET is known as the greatest institution of science and technology based education in Bangladesh. When the people of the country are worried about the safety and educational environment in that university, the education minister of the Hasina government is not giving importance to the safety of the students and is trying to suppress the legitimate demands of these talented students and teachers with the appearance of so-called militant affiliation. He said, "A few days ago, many had complained that some militant groups were secretly operating there (BUET). Will investigate the matter in depth" [Prothom Alo, March 30, 2024]. Such threatening statements of the education minister have created panic among students and parents.

O Students of BUET - Successors of Muhammad Ibn Musa Al-Khwarizmi!

You should recall that under the Glorious Khilafah (Caliphate) the University of Baghdad was an intellectual center of attraction for brilliant and mindful students like you where Muhammad Ibn Musa al-Khwarizmi (780-850 CE) laid the foundations of algorithms and algebra, and achieved a breakthrough in the mathematical world that reverberated for centuries. And now your campus is being trampled by Hasina's thugs, a brilliant student like Abrar had to die due to being politically conscious! The great Deen, Islam and the Islamic system of governance – Khilafah that nurtured you with care, whereas this criminal regime to suppress you, wants to call the association with it as so-called militancy. The secular puppet regime that is imposed on us by the Western Kafir colonialists is either brain drain of your talent to the Western countries or at best making you a servant of the multinational company by giving you the

opportunity to study in the IBA (Institute of Business Administration). So you have to reverse the situation. You must feel that you have intellectual leadership among people from young students to all walks of life. Utilizing this influence, you must advance the project of bringing back the glorious Khilafah system through which your merits will be truly nurtured and valued. Allah (swt) says, ﴿مَنْ كَانَ يُرِيدُ الْعِزَّةَ فَلِلَّهِ الْعِزَّةُ جَمِيعًا﴾

“Whoever desires honor and fame (which cannot be obtained by ignoring Allah), let him know that to Allah belongs all honor” [Surah Fatir: 10].

O Officers of the Military, O Soldiers of Allah (swt)! You must not have forgotten that due to Hasina's betrayal of the country and the people, the backbone of our military establishment was broken by the killing of talented military officers in Pilkhana with the help of Hasina's government, as a result of which we see BSF constantly killing our citizens on the border and even showed the audacity of killing our BGB members. And in the same way her thugs Chhatra League killed the real "Statesman" brilliant student Abrar and plotting to make the country de-talented by introducing non-politicism of Chhatra League among the brilliant students in BUET. You must remember that Muhammad bin Qasim came forward to protect the Muslim caravan from thousands of miles away. But why are you unable to ensure the security of the people and the sovereignty of the country? You must know that if a ruler cannot provide security to the people internally and from outside forces, then that ruler is illegitimate by universal standards. So you should take the lead in removing the illegitimate ruler Hasina and restore the glorious Khilafah by providing Nusrat to **Hizb ut Tahrir**.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ إِلَيْهِ تُحْشَرُونَ﴾

“O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life”. [Surah Anfal: 24]
