## The Continuation of the Shadow Is Dependent on the Continuation of the Origin, and There Is No Salvation for the Ummah Except by Uprooting the Regimes

(Translated)

The intensive bombardment of the occupation upon Beirut and the southern suburb resulted in the fall of hundreds of victims and wounded, among them a large number of women and children as a result of the targeting of densely populated residential areas. And in a separate documentation during March 2026, women comprised 21% of the total victims of the escalation by the Jewish entity.

And as a result of the escalation of the pace of the security events due to the aggression of the occupation, there was during the recent period a large flow of the displaced to the relatively safe areas in the main cities such as Sidon in the south of Lebanon and Tripoli in its north, which exacerbated the humanitarian situation in these areas due to the failure of the policy of the Lebanese state in managing crises, and its distance from preparing the areas for such conditions and others!

The displaced women from Beirut and its suburb constitute more than half of the number of the displaced, and they face catastrophic humanitarian conditions, and they bear doubled burdens to protect their families amid a severe shortage in the basic needs, and health services, and safe shelter places, with many of them resorting to public squares or overcrowded shelter centers.

The Jewish entity continues in committing its horrific massacres in cold blood. So it kills children, women, elderly and even the medical crews, and that in full view and hearing of the whole world. And here we see its crimes in Gaza, the West Bank and Lebanon reaching humans, trees and stones, and despite that we see the rulers of the Muslims forming the real Iron Dome and the protective umbrella for this entity rather than leading their armies to rescue their people. And amongst them in method is the one who rushes to the kaffir (disbelieving) Western states especially America the greatest sponsor of the Jews seeking a solution by inserting Lebanon within an agreement of ending the war with Iran.

We remind the Muslims in Lebanon: Indeed, the one who looks at the usurping Jewish entity while it is surrounded by these rulers, then he realizes completely that the continuation of this entity is dependent on their continuation. Indeed the founder of Hizb ut Tahrir, Sheikh Taqi al-Din al-Nabhani, may Allah have mercy on him, spoke the truth when he confirmed a great political reality that "the entity of the Jews is a shadow of the regimes existing in the Islamic lands", and this is what we live today; so the continuation of the shadow is dependent on the continuation of the origin, and there is no salvation for the Ummah except by uprooting these regimes from their roots, to the extent that America and the other Western states which support this entity would not have had that influence if among these rulers there was a rightly guided man!

And we have mentioned repeatedly and repeatedly, that eliminating the Jewish entity is not by peace treaties; for the Jews are a people of treachery, and not by normalization with them for they are usurpers of the lands and sanctities of the Muslims. Thus, the complete liberation of Palestine and Al-Masjid Al-Aqsa and its purification from the filth of the Jews, is not except by serious work to establish the Khilafah Rashidah (rightly guided Caliphate), where «الإمام جنة يُقاتل من ورائه وينقى به» **"The Imam is a shield; fighting is done from behind him and protection is sought by him."**

As He (swt) said, at that time there will not remain for the Jewish entity any standing, rather even the kaffir (disbelieving) colonizing states stronger than the Jewish entity and greater in number will be among the most humiliated.

**"Indeed in that is a reminder for whoever has a heart or gives ear while he is present." [TMQ Qaf:37]**
