Armed Attack on Tarmiyah Claiming 30 of its Sons as Martyrs or Wounded

(Translated)

The law of the jungle has ruled Iraq by governments appointed by the Kafir occupier, where people's lives and possessions are not safe, due to the absence of supervision of weapons, the multiplicity of armed groups and the overlapping of security responsibilities. All this made the government lose control over security and over the criminals who claim the lives of innocent people. But Iraq - at its best - has become an arena for settling accounts according to the contradictions of blocs and parties and their different loyalties.

Is it conceivable that a safe area such as the Tarmiyah district - within the belt of the capital Baghdad - is subjected to a horrific massacre, and its people are mourning the loss of 26 martyrs and 6 wounded of their sons in one night, and without getting the defence of the thousands of security forces deployed everywhere?! What is strange is that the media was quick to announce immediately after the disaster that the aggressors are from ISIS - which does not hesitate to adopt any killing in any country in the world - without an international investigation as the world is witnessing! We do not know what evidence they adopted in their identification of the attackers, is it the black clothes that the murderers wore?! As if they (clothes) are not available in Iraq! Until when will the bleeding continue without a feeling of humanity to act as a deterrent or a condolence to the suffering souls, relieving some of their pain?! As if those who lost their lives are not human beings! Did the people get a president or a minister's visit to learn from them the truth of what took place, or even the lying language of diplomats such as the declaration of mourning for example?!

O people! Your conditions will not improve, and you will not enjoy dignity and security except under a Rabbani (pious) ruler, who takes care of your interests according to the law of Allah (saw) in the Khilafah Rashida state (Caliphate) on the method of Prophethood. He will cleanse all Muslim lands from the abomination of the Kafir occupiers, who have imposed themselves as rulers and advisers for those who betrayed their Deen and honour, their tails and mercenaries. The elections are not a solution, it is intended only to change faces, and prolong the life of the oppressors and deceive the people with slogans that its deception is exposed and lies have spread. So reject the Kuffar's projects and join the caravan of the sincere workers to save your life and your Akhira.

تُخْفِي صُدُورُهُمْ أَكْبَرُ قَدْ بَيَّنَّا لَكُمُ الْآيَاتِ إِن كُنْتُمْ تَعْقِلُونَ﴾

“O you who have believed, do not take as intimates those other than yourselves, for they will not spare you [any] ruin. They wish you would have hardship. Hatred has already appeared from their mouths, and what their breasts conceal is greater. We have certainly made clear to you the signs, if you will use reason.” [Al-i-Imran: 118]
