Jordanian Regime Adorns its Subservience to America by Obtaining its Aid

(Translated)

America, as stated by its Secretary of State, John Kerry, in a press conference that he held with the Foreign Minister of the Jordanian regime, Nasser Judeh, renewed its reiteration of Jordan being an ally to it and that it represents a player in respect to the region's issues.

The Regime's Foreign Minister also reiterated in Jordan that the coordination and consultation remains continuous with American officials.

These reiterations in respect to the coalition, joint coordination and consultations between the Jordanian regime and America, come at a time when America is perpetrating the most hideous of crimes against the Muslims of ash-Shaam and others. And at a time when it has become deeply rooted within the Islamic Ummah's convictions and settled in its sentiments, that America is a real and actual enemy to Islam and the Muslims, and it is a tyrannical colonialist power that targets the Muslim lands with its dirty colonial exploits. This is in addition to it being the manufacturer of terrorism within the Muslim lands and the world, that it leads the international efforts and conspiracies that target Islam as an Aqeedah and rulings and that it represents the real supporter of the Jewish entity and the regime of the criminal Bashar. And that all of this is to prevent the revival of the Ummah upon the basis of Islam and prevent it from accomplishing its objective of restoring its only legitimate political entity represented in the true Khilafah (Caliphate) upon the methodology of the Prophethood, and that it will continue to exploit the crimes of the ISIS organisation to distort the image of the Khilafah in the minds of the Muslims and others among the peoples of the world.

These reiterations in respect to the coalition, joint coordination and consultations only represents the reiteration of the detachment of the regime in Jordan from the Ummah and its issues through its old and continuously renewing alliances with the enemies of Islam and the Islamic Ummah. This began with what was called the great Arab revolution which its sings about whilst it had been in an alliance with the English against the Khilafah State, which moved on to its warm and close relationship with the Jewish entity and now in its alliance with America and subservience to it at the expense of the land and the servants (people) whilst adorning that through its attainment of aid.

O Muslims in Jordan: By not accounting the regime politically to deter it from being subservient to America and its plans they will become emboldened to go even further in that which will bring destruction and ruin to the land. Verily, the Messenger of Allah (saw) said:

«والذي نفسي بيده لتأمرن بالمعروف ولتتهون عن المنكر أو ليوشكن الله أن يبعث عليكم عقابا منه، ثم تدعونني فلا يستجاب لكم»

“By the One in whose hand is my soul, you must definitely command the right and you must definitely forbid the wrong or Allah will be about to send a punishment upon you from Him. Then you will make supplication to Him but you will He will not respond to you”.
