

Press Release

The President of France is not Welcome, the Holder of the Criminal Record against Muslims

(Translated)

In a new step to strengthen and intensify the sinful cooperation and shameful humiliating coordination, due to the demands of the war on Islam and Muslims, and to enable the enemies of the Ummah of taking over the capabilities and wealth of the country, through the gateway of the economy, the Jordanian regime and its staff are to receive the French President Francois Hollande warmly, on the land of *al-Hashd* (army) *wa al-Rabat* (guarding the Deen) - the land of the martyrs, despite the criminality committed by France against Muslims in Africa and other Muslim countries, and despite what the France's actions to crack down on Muslims and prevent Muslim women from wearing the Niqab (veil) and despite its pernicious role in its war against Islam and Muslims and its own colonial history record full of slaughtering and mass massacres against Muslims.

We in Hizb ut Tahrir / Wilayah of Jordan in light of this visit emphasize to this spiteful visitor and this reception that does not represent Muslims in Jordan, the following:

1. The Muslims in Jordan are part of the Islamic Ummah and are not separated from it and its issues and they do not disown it despite what the West and its cronies, the rulers of the Muslims, tried to sow from seeds of division and disunity among them.
2. The Muslims in Jordan did not and will never forget France's crimes against Muslims, and will not forget its malignant colonial role in the division of the Muslim countries and in preventing their unity on the basis of Islam and its role in tearing peoples of the region and its role in supporting the Jewish entity and enabling it to own the first nuclear reactor, and much more.
3. This visit is rejected and reprehensible by all Muslims in this country because they know the size of the conspiracy against Islam and Muslims, which France is an integral part.
4. The conventions, treaties and understandings of any kind; whether military or political, economic or security, which are concluded between the Ummah's enemies, including France, and between the ruling regimes in Muslim countries, including the regime in Jordan, are not binding to the Ummah.
5. The huge efforts of the enemies of the Islamic Ummah and their cronies in the Muslim countries to prevent the Ummah from gaining back its authority and restoring its only legitimate political entity (The Khilafah state on the method of Prophethood), are doomed to fail, Allah willing.

So, the President of France is not welcomed, the state of hatred and holder of a track record of slaughtering of Muslims and insulting their Deen and colonialism and targeting of their countries.
