We ask Allah (swt) for it to be a platform for proclaiming the Truth and reality. Through which we will address the Ummah's issues that are of concern and our path is through intellectual struggle and political struggle where we work with the Ummah and through it to reach our desired aim which is the resumption of the Islamic life via the establishment of the Khilafah State (Caliphate) upon the methodology of the Prophethood. And on this occasion, we invite all those who are concerned with the affairs of the Ummah, the general situation and the political work, from among the sons of the Muslims in general and the academics and politicians in particular, to visit our page and interact with what is published in a serious and fruitful manner, being grateful to our honourable visitors for their cooperation.

**We begin in the name of Allah and upon His Barakah**
