

Press Release

Before the Gharqad Trees Protect the Jews, the Muslim Rulers already are (and had long been) the “Gharqad Trees”

Without the need for in-depth analysis, we can easily guess what the results of the Extraordinary Summit of the Organization of Islamic Cooperation (OIC) in Riyadh last Saturday (11/11/2023) would be. What can we expect from the treacherous rulers when they meet, if not treachery after treachery? If amongst the leaders present, a few are well-known for oppressing their own people, even killing thousands of their own people, then do we expect them to be concerned with the plight of Muslims in Palestine, who are not their subjects?

The Prime Minister of Malaysia, who was also there at this treacherous summit, suggested inter alia that an immediate ceasefire be instituted in Palestine, which was also the suggestion of the heads of other states. At a time when Muslim leaders are supposed to send armies to bury the Jews and eliminate the illegal Jewish entity, he proposed a cease-fire instead, a proposal that will never solve the problem, but instead would give the Jewish entity a short break to fill up their new ammunition and bombs, before continuing their massacre!

In addition, the Prime Minister of Malaysia asserted his stand to the OIC (this stand is in fact the stand of previous Prime Ministers of Malaysia as well) about his agreement to the two-state solution for Palestine and the Jewish entity. This same stand pleases the United States and the Jews for sure! Indeed, how treacherous this stand is! We would like to ask - is there any nation on earth, who is willing to hand over their land to colonialists who have not only colonized their land, but have also seized their homes and injured and killed their families and brethren? Is there such nation? There will most definitely be no nation, not even the foulest nation on the surface of this earth that would do so!

Every nation has its dignity and honour, and they will defend their dignity and honour, and will never let or remain silent when their lands are usurped and their families are killed - what more the Muslim Ummah, who has been glorified and dignified by Allah with the religion of Islam and has been forbidden from handing over even an inch of our land to the enemy! Don't you, O Prime Minister of Malaysia study your own history? The Malay Land had been colonized by the Portuguese, Dutch, Japanese and British and each time, the Malays rose up to defend their homeland and their families with their blood and soul! The heroes of the Malays fought to the end of their lives in order to oust the colonialists. Don't you know about this history?

We want to ask you O Prime Minister of Malaysia! What if the Jews *La'natullah alaihum* or other enemies of Allah come to colonize Malaysia, kill your family and brethren, will you agree to hand over 90% of the Malaysian land to them?! Is the Blessed Land of Palestine then not your land that you agree to hand it over to the Jews, the usurper and the murderer?! Fear Allah O Prime Minister of Malaysia!

We want to say loud and clear that the Muslim rulers who agree to the two-state solution no longer have even an iota of dignity and honour! How dreadful they are! Indeed, by agreeing to

the two-state solution, their betrayal to the Blessed Land of Palestine, to the Believers, to Allah (swt) and His Messenger (saw), is an incomparable betrayal!

The Prime Minister of Malaysia also proposed to the OIC that the conflict in Palestine be resolved through international laws and judicial institutions. Such an absurd proposal! Since when did the Jewish illegal entity recognize and respect the international law?! And don't you know O Prime Minister of Malaysia, that the Jews *La'natullah alaihum* never understood any language except the language of war?! Don't you know that international laws and its courts are "controlled" by America, which is the supporter and guardian of the Jewish entity all this while?!

Is there no solution for Palestine in Al-Quran and Al-Hadith, so much so that you need to resort to international laws and courts, which are Kufr in nature? Isn't there in Al-Quran and Al-Hadith a solution for us to "punish" a criminal who had usurped our land and killed our brothers? Indeed, the conflict of Palestine is not without a solution, but the Muslim rulers have resorted to step-by-step betrayal, instead of resorting to its solution! That is why the Jewish entity continues to exist, intact!

This is the typical outcome of the OIC Summits, the Arab League Conferences, or whatever conferences held by the Muslim rulers. A famous scholar once truthfully said that "Israel" is actually a shadow of the Arab regimes, when those regimes disappear, then the shadow will also disappear. Worse, now "Israel" has become the shadow of the Muslim rulers all over the world be it Arab or non-Arab! The Jews would never be able to commit any atrocities on the people of Palestine, if it were not for these treacherous rulers. The fact is that, before the Gharqad trees remain silent and become the protector for the Jews in future, the Muslim rulers already are (and had long been) the "Gharqad trees", protecting the Jews from being destroyed by the Muslim armies!

O Muslims!

After witnessing more than 10,000 dead and 30,000 injured due to the Jewish crime, the Muslim rulers continue as onlookers and have become rhetorical experts day by day! These rulers no longer care for the lives and blood of their brethren in Palestine. Apparently, not only the word "jihad" has disappeared from their dictionary, but also the word "humanity"!! All the reckoning and reminders given to them are just like pouring water on an impervious surface. The only hope we have left now is the re-establishment of the Khilafah (Caliphate), which will certainly "punish" the Jews with the punishment of the Quran! So, come and join our work to re-establish it O Muslims.

O Muslim Armies!

Until when are you going to continually submit to your rulers who have clearly betrayed Allah (swt), His Messenger (saw) and the Believers? Should there be a shred of sincerity, courage and spirit of jihad in you, then we call upon you to grant Nusrah (power and protection) to Hizb ut Tahrir so that we can establish a Khilafah and pledge our allegiance to a pious Khalifah (Caliph), who fears nothing but Allah (swt) alone, who will mobilize you to Palestine immediately, where the glory of the world and the Hereafter is waiting for you there.
