End the "Greater India" Project, Establish Khilafah: On US Dictation, Pakistan's Rulers Suppress Jihad in Occupied Kashmir to Strengthen India

As Muslims remember with pride the defiant spirit of their dear Muslim brethren in Occupied Kashmir, on 5 February, Kashmir Day, Pakistan's rulers are busy in efforts to bury the seven decades-long aspiration for Occupied Kashmir to be liberated and unified with the Muslim Lands of Pakistan. Upon US dictation and in compliance with Indian wishes, Pakistan's rulers have escalated a crackdown against organizations supporting the struggle to liberate Occupied Kashmir from the brutal Hindu occupation. The US insists that Pakistan suppresses support for Jihad in Occupied Kashmir against the Indian savages, just as it previously demanded the ending of support for the Jihad in Afghanistan against the US crusader forces. And this crackdown from Pakistan's rulers is directly in line with Indian wishes, with the Indian External Affairs Spokesman, Vikas Swarup, declaring on 31 January, "Only a credible crackdown on the ... terrorist organisations involved in cross-border terrorism would be proof of Pakistan's sincerity". And obviously, America and India would consider Jihad for the liberation of Muslim Lands as "terrorism" because being two of the world's largest terrorist states, they would wish that no Muslim power would ever oppose their injustices!

Following US dictation weakens Pakistan and strengthens India. On US dictation, Pakistan's rulers abandoned a Pakistan-friendly government in Afghanistan, allowing the US to install a pro-Indian government, which both strengthened India in the region and provided it a base of operations from which to destabilize Pakistan. Now on US dictation, Pakistan's rulers are cracking down on Jihad against the cowardly Hindu troops in Occupied Kashmir, which will free India up further to pursue its mischievous regional plan for "Greater India" (Akhund Bharat). Yet, Pakistan's rulers have the audacity to claim that the crackdown on Jihad-e-Kashmir is in Pakistan's national interest, with the ISPR declaring on 31st January that "It was a policy decision taken by state institutions keeping in view the national interest"! Hizb ut Tahrir Wilayah Pakistan asks Pakistan's civilian and military leadership as to how exactly is American dictation, Pakistan's interest? How is the Indian presence in Afghanistan in Pakistan's interest? How is the crackdown of organizations, who have shaken seven hundred thousand Hindu troops to their very core in Occupied Kashmir, in Pakistan's interest? And how is making concession after concession to India in the name of confidence building measures and "normalization," paving the way for the rise of Greater India ("Akhund Bharat"), in Pakistan's interest?

On the occasion of Kashmir Day, Hizb ut Tahrir Wilayah Pakistan asserts that Occupied Kashmir will never be liberated from Indian occupation, under the visionless current leadership which is a slave to US dictation. Only the Khilafah (Caliphate) on the Method of Prophethood will mobilize Pakistan's armed forces and the sincere amongst the Mujahedeen to wage Jihad and liberate Occupied Kashmir, finally fulfilling the dream of the Muslims of the unification of Kashmir with the Muslim Lands of Pakistan. And only a righteous Khaleefah will decisively put an end the Greater India ("Akhund Bharat") project and ensure the supremacy of Islam over the Indian Subcontinent, was the case for centuries before. As we solemnly commemorate the immense sacrifices of the Muslims of Kashmir, let us all solemnly commit to the Khilafah project, so that finally the fertile soil that is irrigated by the blood of tens of thousands of martyrs, is given the shade it deserves, by a righteous Khaleefah, ruling by the Deen of Allah (swt) RasulAllah (saaw) said, «إِنَّمَا الْإِمَامُ جُنَّةٌ يُقَاتَلُ مِنْ وَرَائِهِ وَيَنْتَقَى بِهِ» "Indeed, the Imam (Khaleefah) is a shield, from behind whom you fight and by whom you are protected."
