A Delegation from Hizb ut Tahrir / Wilayah of Sudan

Have Met with the Secretary-General of the Sudanese Scholars Association

(Translated)

Within the framework of the campaign of Hizb ut Tahrir / Wilayah of Sudan to combat drugs, a delegation from the party, headed by Ustadh Ibrahim Othman (Abu Khalil) - the Official Spokesman of Hizb ut Tahrir in Wilayah Sudan, accompanied by Ustadh Abdul Qadir Abdul Rahman - Member of the Central Communications Committee of Hizb ut Tahrir in Wilayah of Sudan, and both Ustadh Abdullah Abdul-Rahman and Ustadh Khalid An-Nur - Members of the party, have met with the Secretary-General of the Sudanese Scholars Association, Dr. Saad Ahmad Saad, at the Association's offices in Khartoum today, Monday morning, 15 Rajab 1444 AH, corresponding to 6 February 2023 CE.

At the beginning of the meeting, the head of the delegation, Ustadh Abu Khalil, spoke about the purpose of the meeting, elucidating that the issue of drugs is not just drug dealers, promoters and users, but rather the matter is much greater than that, flooding Sudan with drugs is considered a war of the fifth generation waged by the colonial kuffar, with the aim of destroying the minds of young people and poisoning their bodies. Because the youth are always the fuel of change.

Ustadh Abu Khalil also showed the state's lack of seriousness in combating drugs, citing the reception of the Chairman of the Sovereignty Council, General Al-Burhan, to the Minister of Foreign Affairs of the Jewish entity; this deformed mini-state desecrates the blessed Al-Aqsa Mosque, kills children, women and the elderly in Palestine. It also floods Sudan with drugs, as the involvement of the Jewish entity was discovered in the last two incidents when drugs were confiscated when they entered Sudan. Also, that this dirty war led by the kuffar needs an ideological state that stands in its face. This state is the Khilafah Rashidah (rightly guided Caliphate) state on the method of the Prophethood.

Then Dr. Saad Ahmad Saad - Secretary General of the Sudanese Scholars Association, welcomed the delegation, and appreciated the effort of Hizb ut Tahrir, and said: "We are very happy with this meeting, and Hizb ut Tahrir is the example that should be followed in the call." Then he mentioned that the Association is preparing papers on how to eliminate drugs. He concluded his speech by saying that it is necessary to communicate in everything that concerns the country and the people.

Ustadh Abdul-Qadir Abdul-Rahman - Member of the Central Communications Committee of Hizb ut Tahrir in Wilayah of Sudan handed over to Brother Dr. Saad some of the party's publications related to the subject, in addition to issues of Ar-Raya Magazine issued by Hizb ut Tahrir.
