The Solution is Not in Togo or Anywhere Else, But Rather in Adhering to Allah's Command to Establish the Khilafah

(Translated)

Today, Sunday, 22/7/2023, in Lome, the capital of Togo, the so-called consultative conference of political leaders and representatives of civil organizations from the Darfur region was launched. It was said that it was in order to crystallize an agreement leading to a unified position regarding averting the effects of the war on the cohesion of society in Darfur.

Among the most prominent participants in the conference were Muhammad Hassan Al-Ta'ayshi, a former member of the Sovereignty Council, and Nasr al-Din Abd al-Bari, the former Minister of Justice. The head of the Sudan Liberation Movement, the Transitional Council, Al-Hadi Idris, told Sudan Tribune that he will not be among the participants in the planned consultative meeting in Togo. Also, the Justice and Equality Movement announced, through its official spokesman, Hassan Ibrahim, that they will not participate in the conference, stressing that the conference is being held at the invitation of the Rapid Support Forces, with the participation of a number of the people of Darfur who support it, and advisors to its leader, Muhammad Hamdan Dagalo. The spokesman for the Sudan Liberation Forces also denied the participation of the head of the assembly, At-Taher Hajar. It is clear that this conference is the invite of the Rapid Support Forces. This is despite the denials of Youssef Ezzat, Hemedti's advisor, who said that he would participate with a paper without specifying who was calling for the conference.

It seems that this conference is a green light from America, because most of the participants are from its men, and most of the opposers are Europe's men, and it, that is, America, wants to make the Rapid Support Forces in control over the Darfur region if it secedes in the future, Allah forbid.

We in Hizb ut Tahrir / Wilayah of Sudan warn of the seriousness of what is happening in Sudan, and the conspiracies being plotted against it by the colonial kaffir, which are carried out by the hands of some of its sons, even if that involves bloodshed, disgrace, plundering of wealth, and the destruction of the country. So, we say to all the military forces (the army, the Rapid Support Forces, and the armed movements), and to all the political forces in their various orientations: In origin is that you are Muslims, and Islam requires you to submit to its rulings and to abide by its law, so fear Allah in His creation, return to your senses, repent to your Lord, stop shedding the blood of the people unjustly, and remove your hands from implementing the agenda of the disbelievers.

O you who are sincere among the people of power and protection, give Nusra (material support) to Hizb ut Tahrir so that it restores the Islamic life, which pleases Allah, His Messenger and the believers.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾

“O you who have believed, respond to Allāh and to the Messenger when he calls you to that which gives you life” [Al-Anfal: 24].
