Ants' Crawl Strategy Remains Confirmed until the Abortion of the Ash-Sham Revolution... Beware!

(Translated)

Turkish official sources indicated to Al-Jazeera that Turkey stipulated the withdrawal of what is known as the Syrian Democratic Forces - which mainly consists of the Kurdish People's Defense Units (YPG) - from Manbij, Ayn al-Arab Kobani and Tal Rifaat in northern Syria. The sources added that Ankara also stipulated the return of the Syrian regime's institutions as an alternative to the Syrian Democratic Forces (SDF), including the security forces and border guards.

O Muslims in the blessed land of Ash-Sham: It is no longer a secret to anyone the role that the Turkish regime played and is playing against the blessed revolution of Ash-Sham, after handing over the city of Aleppo and large areas extending from Morek to the north and northwest of the city of Aleppo to the criminal regime. It continues to work to hand over other areas in an effort to re-float it again, and to help it extend control and influence over the entire Syrian territory.

Also, the Turkish regime is seeking, by handing over some areas controlled by the SDF to the Assad regime, to gain points before the Turkish presidential elections, which is nearing. By playing on the national security chord on one hand, and presenting these areas as a gift before meeting the tyrant of Ash-Sham on the other hand.

Staying silent about what the Turkish regime has done and is doing against the revolution of Ash-Sham, using its tools from the leaders of the factional system linked to it, is a crime against the revolution, and political suicide that its perpetrators will deeply regret when they meet their fate. And they will regret wasting every drop of their children's blood, not to mention the sufferings in all its forms of displacement, destruction, arrest and torture.

The path that the Turkish regime is following is known to every sane person. Its inability to launch military operations against the so-called Syrian Democratic Forces without a green light from its masters, and its demand to hand over some areas controlled by the SDF to the criminal regime instead of working to join them to the liberated areas and return their displaced people to them. And preventing the factional system, by conspiring with its leadership, from taking any serious action to liberate these areas, indicates the true role of the Turkish regime and the extent of its conspiracy against the Ash-Sham revolution.

This means that the return of the displaced people to their country is just a dream, and that overthrowing the regime or holding it accountable for its crimes based on allegations of supporting the Turkish regime or others has become a thing of the past, and that the policy of the anthill to reconcile with the criminal regime and eliminate the Ash-Sham revolution is proceeding in full swing with various methods and forms of deception.

O Muslims in Ash-Sham, the Abode of Islam: We were and still are working to uncover the cunning and conspiracies woven by the Kufr (disbelieving) West against the blessed revolution of Ash-Sham, and putting in place all effective ways and means to confront it, starting with a warning about the dirty political money whose poison still circulates in the veins of the leaders of the associated factional system, as well as the hateful infighting that took place among its components, passing through the warning of truces and negotiations, and the resolutions that resulted from all the international conferences in Geneva, Sochi and Astana...

And here we are in Hizb ut Tahrir / Wilayah Syria, repeating and affirming that the only solution is to get out of the reality that we have reached is to provide the factors of victory and success, foremost of which is that we all cling to the rope of Allah Almighty, after cutting all relations with all nations, and unifying the public and material energies behind an honest, aware and sincere political leadership that adopts a clear political project emanating from the Islamic Aqeedah (doctrine), otherwise it is just a waste of time, efforts and sacrifices.

The conspiracy against the revolution of Ash-Sham is severe, and the schemes are grave, and confronting it requires sincere positions, and this is the duty of all the honest sons of the revolution of Ash-Sham, for in that is our victory, our salvation, and our life.

Allah (swt) says: ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ﴾
﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ﴾
“O believers! Respond to Allah and His Messenger when he calls you to that which gives you life. And know that Allah stands between a person and their heart, and that to Him you will all be gathered.” [Al-Anfal 8:24].
