The Negotiations Represent Selling the Martyrs' Blood in the Market of the Disbeliever West

(Translated)

In accordance to what was agreed upon in the Vienna conference America is working to complete the chapters of the conspiracy. So after summoning those personalities and bodies that please it in addition to some of the leaderships of the groups to the Riyadh conference and after what came out of this conference in terms of a negotiating body that took it upon its shoulders to select a delegation which will sell the blood of the Muslims and their honours within the Market of the disbelieving West; with the direction of the American middleman Staffan De Mistura and under the supervision of the UN, after that, America is working to dilute the crime and divert the Muslims from the real danger represented in sitting with the child killer and violator of honours upon the same table. The cards have been shuffled and the attention has been directed towards the participating delegation so that their media machine can give the picture that the area of difference revolves around who will participate in the delegation and upon the supposed disagreement between Russia and America. This is to enable, in the end, the creation of an illusionary victory for the body's delegation that emanated from the Riyadh meeting and through that it would have covered over and buried the crime of negotiating with the executioner murderer.

O Muslims in the Blessed Land of Shaam:

The theatre of the recurrent ebb and flow that America utilises in respect to the issue of the negotiating delegation will never fool anybody. That is because what is the difference between so and so selling the blood of the martyrs and their sacrifices and somebody else doing that as America is satisfied and content with all of them and none reached Riyadh without the agreement of America and the invitation from their agents. Going to Geneva 3 will never end your sufferings and indeed the opposite is true as it will increase them. That is because the origin of the suffering is the secular system that dominates over our necks and not just those who run it. Allah (swt) said:

﴿وَمَنْ أَعْرَضَ عَن ذِكْرِي فَإِنَّ لَهُ مَعِيشَةً ضَنْكًا وَنَحْشُرُهُ يَوْمَ الْقِيَامَةِ أَعْمَى﴾

"And whoever turns away from my reminder then for him is a life of misery and We will raise him on the Day of Judgment blind" [20:124].

Going to Geneva to negotiate with the butcherer (American Agent) means falling into the trap of making concessions which those who handed their necks over to the agents of the West have begun. They have accepted and consented to fall under the remits of the democratic secular state; to produce a man-made constitution from it and to hold elections under the supervision of the UN. So in the end, the one who is sincerest in devotion to the disbelieving West will be the winner and the one who is the greatest agent to them, all under what is called free and fair elections. The revolution of Shaam would then have been wrecked and wiped away like what they did with the issue of Palestine which was sold through conferences of humiliation and shame, all within the market space of negotiations held with the enemies of Allah.

The disbelieving (Kaffir) West has realised well that the sun of the Khilafah is rising once again. For that reason, it is putting all of its weight and capabilities into preventing its return. This is what we see clearly in respect to the revolution of blessed Shaam however they will never be able to prevent the promise of Allah (swt) and the glad tidings of the Messenger of Allah (saw) in regards to the return of the rightly guided Khilafah after the tyrannical rule that proceeds it. The Messenger of Allah (saw) said: «ثُمَّ تَكُونُ خِلَافَةٌ عَلَىٰ مِنْهَاجِ النَّبِيِّ، ثُمَّ سَكَتَ» **"Then there will be a Khilafah upon the path of the Prophethood, then he remained silent..."**
