**On the Anniversary of the Revolution ... When will the Sleepers Wake Up?!**

(Translated)

There is no doubt that the world's states have followed the attitude of hostility from the blessed ash-Sham revolution since its inception, and conspired against it; so they weave plots against it, and install traps for it, after they distributed roles among themselves, such that they became two teams, differing in format and agreeing in content; one team stands with the tyrant of Syria and supports him; while the other claims standing with the revolution and claims its friendship to it; this is in order to contain and shackle the revolution, and make it march towards a dark destiny in a compulsory path, (the path of the American political solution). All this is well known and is not surprising; for the conflict still exists between the truth (al-Haq) and the falsehood (al-Batil); and the policy of deception is still followed against the people of al-Haq, ﴿وَقَدْ مَكَرُوا مَكْرَهُمْ وَعِنْدَ اللَّهِ مَكْرُهُمْ وَإِنْ كَانَ مَكْرُهُمْ لِيَتْرُونَ مِنْهُ الْجِبَالَ﴾ **“And they had planned their plan, but with Allah is [recorded] their plan, even if their plan had been [sufficient] to do away with the mountains.”** [Surah Ibrahim: 46]. The danger of the one claimed friendship to the people of ash-Sham was far greater than the danger of those standing against them, for he was able to enter some factional leaders into a deep sleep through his different ways, and made them live in the dreams of victory and liberation after he put them on the trail of truces and negotiations; and he promises them and arouses desire in them of standing with them and supporting them, ﴿يَعِدُّهُمْ وَيُمْنِيهِمْ وَمَا يَعِدُهُمُ الشَّيْطَانُ إِلَّا غُرُورًا﴾ **“Satan promises them and arouses desire in them. But Satan does not promise them except delusion.”** [Surah An-Nisaa: 120].

So, these leaders forgot that the Kaffir West will not give them except illusions, and that negotiations are only an episode of cunning and deception ... And the situation of Palestine is apparent before you, so what rights the negotiations brought to the people of Palestine?! And to where the route of negotiations fraught with desires led them!?

**O Muslims in the Land of Ash-Sham the Abode of Dar al-Islam:**

Here your revolution enters its seventh year; it is unfortunately moving from a decline into another, for the revolution swerved from its fundamentals, abandoned its slogans, and the fight against the tyrant of ash-Sham turned into fighting between brothers, so the oppressor became safe, and the oppressed became frightened, so when will the sleepers wake up?! When will the cries of the bereaved and the groans of the distressed awaken them, thus they cut all their links with the supporters, and respond to the call of the Lord of the Worlds? When will they wake up from the illusion of the negotiations to live the reality of the revolution?!

When will we realize that the success of our revolution will only be by our adherence to its fundamentals, holding fast to the rope of Allah alone and adopting the project that emanates from our Aqeedah, which is provided by your brothers in Hizb ut Tahrir, who work day and night to save the ship before it sinks, and to construct the wall, which is about to collapse ... It is time for you to give up those who the Kaffir West made them political leadership for you to achieve its objectives in diverting the revolution and eliminating it and maintaining the criminal agent regime. It is time for you to embed the affairs of the revolution to its people, and submit its political leadership to the trustworthy advisors, who will put things in perspective and return the revolution to its correct direction; the direction of direct action to overthrow the regime and establish a second Khilafah (Caliphate), the Khilafah of Justice on the methodology of the Prophethood, as the Messenger of Allah (saw) gave glad tidings to. This is by Allah, the glory in this world, and the success in the Hereafter ... and for the like of this let the workers work.
