Extinguish the Fire of Fighting by Addressing the Causes of its Outbreak

(Translated)

For more than four years and until now, the Syrian revolution has seen various episodes of factional fighting with different names and orientations. Every time there are various pretexts that lead to a bloody confrontation, that causes our sons to pay dearly with their blood. One of the most important reasons for this infamous fighting is the fact that the factions' leaders have links with supporting countries, which worked on splitting the factions and maintaining their dispersion through a series of actions, which paved the way for the conflict and fighting that will lead to the failure and loss of those factions if they continued in fighting each other. Allah (swt) says: ﴿وَلَا تَنَازَعُوا فَتَفْشَلُوا وَتَذْهَبَ رِيحُكُمْ﴾ **“...And do not dispute and [thus] lose courage and [then] your strength would depart.”** [Al-Anfal: 46]

The other reason is the Truces and Reconciliation Agreements, which push for the orders of the supporting countries too. Committing to these agreements made the leaders of the factions an access to their enemies in war, against their brothers who participated with them in the fighting fronts against the tyrant of Syria.

The failure of the factions to adopt a clear political project emanating from the doctrine of the Islamic Ummah, which unites the vision and dispel the fog of the posit and remove the ambiguity of the objectives ... and not uniting around the aware and sincere political leadership that takes upon itself the mission to save the ship of the revolution from drowning in the sea of Western conspiracies, And sailing in the storming waves until it reaches land... and not breaking away from the supporting countries that implement the agendas of Western countries they are affiliated to, which ultimately aimed at aborting the revolution, and selling it cheap in the US slaves market ... All this will begin the work of shovels to destroy the body of the revolution by the hands of its sons, just as the enemies of Allah from the West and its agents from the rulers of the Muslims are planning... This is a major crime.

O Muslims in the Blessed Land of Ash-Sham:

There is no doubt that you know the greatness prohibition of the infighting; you became aware of its causes and consequences, as you become aware of what is planned for you and what is meant for your revolution. Therefore, each of you must exert effort to stop the heinous spilling of sacred blood; and work to remedy its causes and prevent its destructive consequences. So stop the fighting between your sons and brothers, and force them towards the correct way of truth, the revolution of Ash-Sham can no longer tolerate the lack of sense of responsibility in many of the leaders of the factions. Allah (swt) says:

﴿وَاتَّقُوا فِتْنَةً لَا تُصِيبَنَّ الَّذِينَ ظَلَمُوا مِنْكُمْ خَاصَّةً وَاعْلَمُوا أَنَّ اللَّهَ شَدِيدُ الْعِقَابِ﴾

“And fear a trial which will not strike those who have wronged among you exclusively, and know that Allah is severe in penalty.” [Al-Anfal: 25]
