Condemning the Occupying Jewish Entity is Nothing but Impotence

(Translated)

Forty-six Muslims were martyred in the attacks launched by the usurper Jewish entity on the Gaza Strip in Palestine on Friday, 5/8/2022, which lasted for 3 days. And three other Muslims were martyred in the attack by Jewish forces on the city of Nablus in the West Bank. At the same time, Jewish parliamentarian Itamar Ben Gvir and extremist Jewish groups raided Al-Aqsa Mosque under the protection of the Jewish police. In the face of these attacks, which claimed the lives of children and infants, and injured hundreds of Muslims, old and young, the rulers of Islamic countries remain silent as usual. Al-Aqsa Mosque is desecrated by Jews, and the rulers do nothing. However, the Organization of Islamic Cooperation issued a statement condemning these attacks and raids, arguing that the Jewish state seriously escalated tensions and violated international law. Likewise, Iran, which says that it has supported the Palestinian resistance for years, has not even thrown a single stone at the Jewish entity until today. Rather, it issued a similar statement of condemnation and repeated the lie that it supports the resistance. Similarly, the Arab League States and Saudi Arabia were limited to statements of condemnation as well. As for Turkey, it was not satisfied with the statement of condemnation! Rather, it stressed the importance of normalization in order to transfer sensitivity towards the Palestinian issue to the Jewish entity. Speaking at the 13th Ambassadors Conference, Foreign Minister Cavusoglu said, after condemning the Jewish entity, **"Our dialogue with 'Israel' allows us to transfer our sensitivity towards Palestine directly to them."** As for President Erdogan, he said at the dinner meeting he held for the ambassadors: **"We are also using our relations with 'Israel' which is back on its right track, to defend the rights of our Palestinian brothers"**.

The authorities made up of Turkey and the Arab countries, headed by loyal, cowardly rulers, do nothing but serve the security of the Jewish entity that has usurped Al-Aqsa Mosque and Al-Quds. As they are nothing but implementers of America's policies to ensure the security of the Jewish entity. Also, the task of these rulers is nothing but to issue a statement of condemnation after the massacres and attacks perpetrated by the Jewish entity and to convey that to it. Nor do they hesitate to reveal their mission. At the same time, these rulers are tasked with curbing the Muslims' anger against the usurping Jews and oppressing their own people. This is the main reason behind the normalization of Arab countries and Turkey with the Jewish entity.

O Muslims: We address you; because these rulers are not in a position to take advice, their love of power has intoxicated them. So they closed their eyes to the truth and deafened their ears to advice. Their eyes turned to America, and their ears are deaf except for a phone call from Washington. Given the job they hold, these rulers can only be the guardians of Tel Aviv, not Al-Quds. In this way, they cannot be guardians of the Palestinian people, but of the usurping Jews. As for you, you are not like that, O Muslims. We know that the misfortunes of the Muslims in Al-Quds, the Gaza Strip and the West Bank are your misfortunes as well, and that their sadness is your sadness, and their tears are your tears. So why don't you put your sentiments into action and move for change, and work with us to re-establish the Khilafah Rashidah (rightly-guided Caliphate) State that will liberate Palestine with brave leaders like Salah Al-Din Al-Ayyubi who purified Al-Aqsa Mosque and Al-Quds from the Crusaders, and to taste the honour of allegiance to the Rightly-Guided Caliph who will protect these lands, that Allah (swt) has blessed, from the kuffar, as the noble companions tasted its honour?! And do not forget that that is not far away, and that tomorrow is near for those who are waiting for it, and Allah willing, the glad-tidings of the Messenger of Allah (saw) will certainly be fulfilled. Allah (swt) says: ﴿وَلَتَعْلَمَنَّ نَبَأَهُ بَعْدَ حِينٍ﴾ **"And you will surely know [the truth of] its information after a time"** [Sad: 88].
