The Treasonous Agreement with the Jewish Entity Has Passed in the Parliament!

A bill that would give permission to the agreement between Turkey and the Jewish entity which kind of accepts the massacre of Mavi Marmara has passed last night in the TBMM (Grand National Assembly of Turkey). According to the bill presented to the parliament signed by the AKP (Justice and Development Party) government, the Jewish entity will pay 20 million dollars in reparation to the families of the Muslims murdered six years ago by the Jewish entity in the ship of Mavi Marmara. And the Mavi Marmara cases opened against the Jewish entity will stop. So that the terrorist Jewish entity's soldiers will not be held responsible. After the agreement, the diplomatic relations will be elevated again to the ambassador level.

The AKP governments, like all the past governments of the republic, are following their predecessors in keeping good relations with the murderous Jewish entity. For the Turkish Republic has been the first country, which its people is Muslim, that recognised the Jewish entity as a state in 1949. This demeanour of Turkey has encouraged the maddened Jewish entity and they have increased their attacks on the Palestinian people more with each passing day. Notably only two days after the agreement between Turkey and the Jewish entity, the murderer Jewish entity has bombed Gaza. Statements like "We need Israel" from the leaders of Turkey with the leaders of other Islamic lands has encouraged the usurper Jewish entity even more and has caused it to attack even bolder. For the only reason why these coward Jews have grown this bold is because there are no courageous leaders who are only fearful of Allah.

We remind the architects of this treasonous agreement between Turkey and the Jewish entity, the government and to those politicians who accepted this agreement:

1- This agreement is treason to Islam, the Muslims and to our murdered brothers in the ship of Mavi Marmara. The families, of our murdered brothers in the ship of Mavi Marmara, do not accept this bribe money and this treasonous agreement. So, who exactly are you trying to appeal to by accepting this agreement? Who exactly are you trying to please?

2- With this treasonous agreement your fake "one minute" play has been levelled. Muslims will no more believe that you are opposed against the murderer Jewish entity! Because you have made befriending murderers of Muslims a habit and great honour.

3- A state never forgives those who murder its citizens unjustly. So how is it that you accept to end juristic process against the murderer Jewish entity's soldiers? Why do you decide to give up bringing to account what has been done to the martyrs of Mavi Marmara, which in fact you have been exploiting for years?

4- How can you treat with the most untrustworthy entity on the planet? That does not mean, making agreements with the enemies of Islam and the Muslims, leaving the people of Palestine and Masjid al-Aqsa to the (mercy of the Jews)?

O Leaders! Do not think that the treasons of those who recognised the usurper Jewish entity, collaborated and contented themselves with watching the massacres of the Jews, will be forgotten. Even if the Muslims forget, our Lord will never forget! To the usurper Jews, do not think that your vile actions will be forgotten or that the collaborating regimes will always protect you. The Muslims have carved these tyrannies into their hearts and minds. With Allah's permission when the Khilafah Rashidah according to the method of the Prophethood is established, the Khalif of the Muslims will yank the Jewish entity like a carrot with its root and all, only then will the world be rid of their evil.
