The Falsity of the Slogan “Death to America” is Exposed The Houthi War on America is Only on Paper!

(Translated)

Last Sunday, December 31, 2023, American forces attacked three boats of the Houthi naval forces in the Red Sea, targeting them with direct weapons fire, resulting in the destruction and sinking of the three boats, and the martyrdom and loss of ten soldiers who were on board.

From that date until this moment, there has been no real military response from the Houthis, who made “Death to America” their slogan, and filled the world with threats to the Americans. So why have they not responded to America yet?! What is strange is that the Houthis showed off their forces, ballistic and naval missiles, and their drones filled Al-Sabeen Square in the capital, Sanaa, repeatedly on various occasions, and that the American forces’ attack came only six days after the declaration of combat readiness at a meeting of the commanders, staff, and officers of the naval forces and coastal defense with the Minister of Defense, Mohammad Nasser Al-Atefi!

This event reveals the Americans’ satisfaction of the Houthis fighting across the length and breadth of Yemen, for nine years, otherwise they would have been prevented from doing so, and peace and security would have been achieved in Yemen early. While the Houthis did not dare fire a single bullet at the warlike Kuffar (infidels) who attacked them and killed their soldiers, and they ignored the words of Allah Almighty: ﴿قَاتِلُوهُمْ يُعَذِّبَهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصُرْكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُّؤْمِنِينَ﴾ “So fight them and Allah will punish them at your hands, put them to shame, help you overcome them, and soothe the hearts of the believers” [At-Tawbah 9:14]. They contented themselves with waging war against America on the pages of the visual and written media! Including the statement of the Commander of the Coastal Defense, “The blood of our martyrs will not be in vain... and the response will be earth-shattering,” and the statement of Mohammad Ali Al-Houthi, “We have a good arsenal, and American ships and barges are known to have been made in a different era!”

The kuffar Americans would not have dared to attack the countries and blood of the Muslims if they had known that the Muslims have a divine leader, but they know that the Muslims are like orphans at the tables of mean people under watchdog rulers.

O Muslims: Where is the obligation of jihad, or is it only present in the wars of Fitna among you, and absent from the aggressing kuffar as Allah Almighty has made it obligatory?!

Or was the Houthis' fierce fight against Hadi and Tariq Mohammad Abdullah Saleh - British agents - in Bab al-Mandab in order to remove it from British control and transfer it to American control?

Is blocking the Jewish entity's ships, by the Houthis, in the Red Sea merely a propaganda means, because they never planned to target warships, and when they were targeted by American warships, they reneged?!

We know that the Americans will provide the Houthis with a way out by which they can save their face in front of their followers, and only within the plans of the American policy in the Red Sea.

We mentioned in a previous statement the great danger of the presence of kuffar ships in the Red Sea to Muslim countries and their holy places, and the necessity of evacuating all those ships.

Who thinks that we, as Muslims, do not need someone to rub America's face in the mud, after it has wreaked havoc on earth, made Islam its enemy, and invaded Muslim countries?

There is a difference in positions between American warships being turned away from Muslim countries and burned in the Mediterranean Sea in 1795 when we had a state and a Khilafah (Caliphate), and those who are unable to respond to them after they attacked them in 2023 in light of the harmful mini-states!

The Houthis, in their actions and application of the capitalist system, do not differ from the rest of the puppet rulers in the Muslim countries. They are the same. Evil deeds and false speech! Sykes-Picot regimes are not capable of doing this task. Only the Second Khilafah Rashidah (Rightly-Guided Caliphate) State on the Method of the Prophethood is capable of it, and for which Hizb ut Tahrir is working among the Ummah and with it to lead it to restore it again, so be, O people of Yemen, with those working to establish it, to cut off the hand of the Western countries from you, he said (saw): «**ثُمَّ تَكُونُ خِلَافَةً عَلَىٰ مِنْهَاجِ النَّبُوءَةِ**» **“Then there will be Khilafah upon the method of the Prophethood.”**
