## O Armies of the Muslims: Who Will Stop the Crimes of the Jewish Entity in Yemen, Gaza, and Ash-Sham?

(Translated)

On Tuesday, 6 May 2025, the warplanes of the Jewish entity launched an attack on Yemen, the second in less than 24 hours, targeting, through a series of airstrikes, Sana'a International Airport and three power stations in the capital Sana'a, in the areas of Haziz, Dhahban, and Asr in the vicinity of the capital, as well as the Amran Cement Factory north of Sana'a. Several airstrikes were also carried out on the Port of Hodeidah and the Bajel Cement Factory on the evening of Monday, 5/5/2025.

With full American and Western support, the Jewish entity continues its rampage through Muslim lands, committing its crimes without oversight or accountability. Despite committing genocide in Gaza for over a year and a half, resulting in over 171,000 martyrs and wounded, most of whom are women and children, and despite its airstrikes on Lebanon, Syria, and Yemen and its corruption in Muslim lands, we have seen no effective action from the Muslim rulers, nor anyone to afflict it with severe punishment and make it forget the whispers of Satan!

This is not the first time the Jewish entity has bombed civilian infrastructure in the capital Sana'a; it has previously launched several airstrikes on it and other places since the beginning of its war on Gaza. The targets of these strikes are Muslims alone, and the ones harmed by the destruction of infrastructure are the general public. The absence of someone to teach this criminal entity and those behind it a lesson for its repeated crimes has only emboldened it to increase in criminality, arrogance, and tyranny on earth. Let the rulers of the oppressive regimes in the Gulf and the rest of the Muslim lands know, as they sit idly by watching their brothers being crushed by the enemy of Allah without lifting a finger, that their turn is inevitably coming. What's even more painful is that the regimes in the Muslim lands, especially in the Gulf, the land of Egypt, the land of Mu'ta, and the land of the Conqueror, are protecting this entity and providing it with the means of survival!!

The battle is a fateful one between Islam and kufr (disbelief). It is not incumbent upon Muslims today to wait for their rulers to move the armies for battle, as that is hopeless; they have clearly shown their betrayal and enmity toward the Ummah and its existential cause. Rather, the duty is to mobilize the armies and the capable among the Ummah to crush this monstrous entity and to give bayah to the sincere, believing leader, a Khalifah Rashid (rightly guided Caliph) behind whom they fight and by whom they are protected. Then, and only then, will the armies of the Muslims move to uproot the Jewish entity from its foundations.

**O Muslims:** The pioneer does not lie to his people. Hizb ut Tahrir has spoken the truth to you, and has given you sincere advice and clear communication. It offers you one admonition: whoever's hair stands on end from the crimes of the Jews in Gaza, Yemen, and the rest of the Muslim lands, and whose blood boils in his veins from the barbaric behavior of the Jews and their brutal treatment of women, children, and the elderly in Gaza, their scorched-earth policy, their siege, and starvation, let him strive for support (nusrah) as a believer, working earnestly and diligently with those striving to bring forth the sincere, believing, fighting leader, a Khalifah Rashid, behind whom one fights and by whom one is protected. There is no other way but to move the armies to fight the Jews and gather the capable ones as soldiers among them. There is no other path to eliminate the Jewish entity, save Gaza, restore all of Palestine to the abode of Islam, and then spread Islam to the entire world to deliver it from the darkness and injustice of capitalism to the justice and mercy of Islam.

﴿هَذَا بَيَانٌ لِلنَّاسِ وَهُدًى وَمَوْعِظَةٌ لِّلْمُتَّقِينَ﴾

**"This [Qur'an] is a clear statement to [all] the people and a guidance and instruction for those conscious of Allah."** [Surat Aal-i-Imran:138]
