The Rulers of Saudi Arabia and the UAE Turn Yemen into an Arena of Conflict in Service of the Disbelievers

You See Them Being “Resolute” in Yemen While Submissive Toward the Jewish entity!

(Translated)

Media outlets, including Al Jazeera satellite channel, reported the statement of Saudi Arabia's Minister of Defense, Khalid bin Salman, on Saturday, 27/12/2025, in which he said: "The Southern Transitional Council in Yemen must end the escalation and withdraw its forces from the camps in the governorates of Hadramout and Al-Mahrah."

Riyadh responded to the Transitional Council's announcement on 09/12/2025 of the completion of its control over the governorates of Hadramout and Al-Mahrah by sending a committee to Aden on 12/12/2025 with the participation of Abu Dhabi to discuss ways for the forces of the Transitional Council to withdraw and hand over their positions to the forces of Dira' Al-Watan, followed by issuing a statement from the Ministry of Foreign Affairs on 25/12/2025 stating that "the movement of the Transitional Council's forces was carried out unilaterally," hinting at the use of force "which may result in consequences that are not praiseworthy," and setting 29/12/2025 as a maximum deadline for the return of its forces to where they came from. Its warplanes flew on the night of Tuesday, 30/12/2025, over the skies of the city of Seiyun, dropping illumination flares. At dawn on Tuesday, its aircraft bombed the cargo of two ships carrying armored vehicles and weapons that had come from the port of Fujairah, after they had disabled tracking systems in the open sea.

Riyadh has tools in southern Yemen, namely the forces of the Hadramout Tribes Alliance led by Sheikh Amr bin Hubraish, and it has the Dira' Al-Watan forces that it established in 2023 and sponsored to use them to strengthen its influence. These are forces affiliated with the Al-Alimi government that is subordinate to Britain. However, Saudi Arabia exerts heavy pressure on it, as it leads the so-called Arab coalition, hosts Al-Alimi and his council, and practices significant economic pressure by controlling the deposits of the Aden Bank belonging to his government. It also caused the oil revenues that were being exported from southern Yemen to be deposited in the Saudi National Bank. Thus, the Al-Alimi government has effectively become a captive of Riyadh. And since it is subordinate to Britain, they proceed in its manner, accommodating Riyadh and laying traps for it. When they reach a dead end, Britain, through the UAE, gives the green light to the Transitional Council to carry out actions that disturb Saudi Arabia and America standing behind it.

In contrast, Abu Dhabi, Britain's protégé, has the Southern Transitional Council and Tariq Saleh and his forces stationed on the western coast to protect Bab al-Mandab in its interest.

Riyadh has shown severity and harshness toward the Transitional Council and its regional sponsor, Abu Dhabi. Thus, the forces of the Hadramout Tribes Alliance, led by Amr bin Hubraish, Riyadh's man in Hadramout, clashed with the Hadrami Elite Forces loyal to the Transitional Council, and a drone struck the forces of the Transitional Council in Khashm Al-'Ayn in Al-'Aby District. The matter even reached the point of striking shipments of armored vehicles and weapons at the port of Al-Mukalla on Tuesday, 30/12/2025. Riyadh also dictated to Rashad Al-Alimi, loyal to Britain—who is effectively a captive in Riyadh and under its pressure, just like the former president Abdrabbuh Mansur Hadi—a decision on 30/12/2025 to cancel the joint defense agreement with Abu Dhabi within the coalition forces and to expel its forces from Yemen within 24 hours.

If only Saudi Arabia and its Minister of Defense had been resolute with the Jewish entity, which has been grinding Gaza Hashim for two full years and continues to do so before their very eyes and ears, while it lies a stone's throw away from them, and if only their aircraft had been directed in defense of Gaza against the Jewish entity! Allah the Exalted says: ﴿مُحَمَّدٌ رَسُولُ اللَّهِ وَالَّذِينَ مَعَهُ أَشِدَّاءُ عَلَى الْكُفَّارِ رَحْمَاءُ بِنَفْسِهِمْ﴾ “**Muhammad is the Messenger of Allah; and those with him are forceful against the disbelievers, merciful among themselves**” [Surat Al-Fath: 29].

So, is Riyadh carrying out this entire campaign out of love for Yemen? Or in support of an illusory legitimacy for which Allah (swt) has sent down no authority? The answer lies in the fact that Riyadh, with all its appendages and capabilities, is doing what it is doing solely in service of Washington, to control the oil of Hadramout and to obtain access to the Arabian Sea, in order to direct the oil of both of them through its planned oil pipeline to the Indian and Pacific Oceans, away from the noise of Bab al-Mandab and the Strait of Hormuz!

Saudi Arabia is an agent of America, pursuing the agents of Britain in southern Yemen, foremost among them the Transitional Council since its emergence in 2017, which displaced the Southern Movement whose establishment America sponsored in 2006, headed by Hassan Baoum. On its land, the eight-member Presidential Council was born, while it holds its members on its territory. It crushed the forces of the Republican Guard because they represented the influence of Britain's agent, affiliated with the late Ali Saleh during the years of war 2015–2022. It entrenched the Houthis in Sana'a and went along with the United Nations aircraft carrying weapons to them on its daily flights to Sana'a Airport, instead of expelling them according to the objectives of the coalition it led.

Saudi Arabia, under the leadership of Salman bin Abdulaziz and his son Muhammad, has explicitly cast off the bond of Islam. They call for Vision 2030, which sponsors deviance and deviants in the land of the Two Holy Mosques, and they are building the city of NEOM adjacent to the Jewish entity, to divert the attention and minds of the Muslims away from Mecca. The Americans have described Bin Salman as the Mustafa Kemal of this era!

After this, what do we expect from a ruling family established by the British disbelievers, whose founder Abdulaziz bin Abdulrahman Al Saud wept before the British High Commissioner Percy Cox in order to amend the borders drawn by Mark Sykes with his own hand?! In repayment of their favor, he said: “I have no objection to giving Palestine to the poor Jews or others, as Britain sees fit, whose opinion I do not depart from until the Hour is established.” It later moved, since the era of Salman bin Abdulaziz, into serving America, after his brothers Fahd, Sultan, and Nayef paved the way for him.

The visit of Bin Salman to Washington on 18/11/2025 was linked with the visit of the British minister to the colonies of the Middle East and North Africa, together with the events in the governorates of Hadramout and Al-Mahra, when they were ignited by the decision to hand over Oil Block 5 in Shabwah Governorate to the American company Jannah Hunt!

The problem of the people of Hadramout, Yemen, and the Muslims in general is that their affairs are undertaken by those who do not deserve to be shepherds. They are engaged on both sides of the front of the international conflict over Yemen, and they were brought by those who fear the return of Islam to life in a political entity that unites and gathers the Muslims. Meanwhile, the people of righteousness and Deen among them remain distant, with no effective role in the political scene, until they enter the arena of political life and work to resume Islamic way of life in the second Khilafah Rashidah (Rightly Guided Caliphate) on the method of the Prophethood. Allah (swt) says: ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِبُوا لِلَّهِ وَلِرَسُولِهِ إِذَا دَعَاكُمْ لِمَا يُحِبِّيكُمْ﴾ “**O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life**” [Surah Al-Anfal: 24], and He (swt)says: ﴿إِنَّا لَنَنْصُرُ رُسُلَنَا وَالَّذِينَ آمَنُوا فِي الْحَيَاةِ الدُّنْيَا وَيَوْمَ يَقُومُ الْأَشْهَادُ﴾ “**Indeed, We will surely support Our messengers and those who believe during the life of this world and on the Day when the witnesses will stand**” [Surah Ghafir: 51], and the Messenger of Allah (saw) said: ﴿شَّتَّمْ تَكُونُ خَلَفَةٌ عَلَى الْمُهَاجِرَةِ﴾ “**Then there will be a Caliphate upon the methodology of the Prophethood.**”
